Reurairtel 10/14/63 recommending that CG 5824-S* be permitted to locate individual members of the Communist Party, USA (CPUSA), whom he can control for the purpose of placing specific amounts in their hands for investment in Government bonds or other interest-bearing accounts.

This matter has been given careful consideration and the Bureau concurs with informant's observation that unless informant handles these funds per instructions of Gus Hall, it is possible that Hall will place these funds in other hands and we will thus lose control of the disposition of these funds.

In view of the foregoing, you are authorized to permit CG 5824-S* to proceed in the investment of CPUSA funds in his possession in accordance with the recommendation of your office. Keep the Bureau advised of all developments in this matter and the identities of individual Party members used by informant.

INFORMATION REGARDING OFFER
OF SOVIETS TO GIVE A DEGREE
TO JAMES JACKSON

In August, 1963, during the course of conversation with ALEKSEI ANDREEVICH GRECHUKHIN, Assistant to the Head of the North and South American Section of the International Department, Central Committee, Communist Party of the Soviet Union (CPSU), this individual noted that JAMES JACKSON, during a visit to the Soviet Union several years ago, had inquired as to whether it might be possible for some Soviet institution to bestow a degree on him. At the time he was told that this would be impossible because there was nothing that would warrant the granting of such degree. However, in August, 1963, GRECHUKHIN indicated that perhaps if JACKSON, as a Negro, could write a book on problems dealing with the Negro, it might be now arranged that such a degree could be granted to him by some Soviet institution. GRECHUKHIN further remarked that such a book by a Negro about Negroes might be of value as an instrument in countering the CP of China's current racist line.

On October 5, 1963, the above information concerning the Soviets' current offer to give a degree to JACKSON was relayed to JACKSON during conversation held with him. JACKSON was extremely pleased and happy with the offer of the Soviets. He remarked that he was presently working on such a book but had only completed three chapters thereof. However, now with the incentive which had been provided him by the Soviets, he will go to work on it and complete it as soon as possible.

CG 5824-S*, following his return from New York City on 10/8/63, advised SAs WALTER A. BOYLE and RICHARD W. HANSEN as follows:

On 10/7/63, he had talked to GUS HALL, General Secretary, Communist Party, USA (CP, USA) in New York City concerning possible future trips abroad. At this time, HALL suggested that perhaps consideration concerning the next trip to the Soviet Union should be held in temporary abeyance pending a full assessment of the Party's financial structure and developments in the international arena.

HALL stated that in the near future he intended to get together with CG 5824-S* perhaps in late 10/63, and take a long look at the total financial resources of the Party, including total funds on hand. He then noted that in view of the Soviet wheat negotiations and deals, as well as the Soviet Union's heavy financial commitments in Cuba, it will be almost impossible for the Party to ask for or expect to receive as much financial assistance from the Soviets for 1964 as they have in the past. He mentioned that perhaps when the review is made of the Party's financial situation, a trip for carrying out financial negotiations could possibly be combined with a trip by CG 5824-S* relating to international ideological matters.

In the latter regard, HALL noted that undoubtedly there would be an international conference on the developing ideological differences and when this is held, CG 5824-S* would be, under any condition, one of the CP, USA delegates. He noted it would not make any difference if the CP, USA sent other delegates to such a conference because he would want CG 5824-S* present under any condition. This being so, HALL felt if such a conference is not held in the too far distant future, CG 5824-S* might be able to combine his attendance at such a conference with the additional task of fund negotiations.

As the Bureau knows, the Soviets have as yet not specifically responded to the CP, USA's inquiry as to when this conference might be called. However, the CP, USA is awaiting such information.

In concluding his remarks, HALL stated whether we go slow or fast in preparing for a future trip depends primarily at this point on the Party's current financial picture and what funds are available. He repeated that perhaps in late October we can get a detailed look at this matter.

The above matter will be followed closely by the Chicago Office and the Bureau will be advised of all developments regarding a possible 14th SOLO mission.

This is to recommend that the Central Research Section review and evaluate copies of two publications recently transmitted to the Soviets by NY 694-S* in order to determine any possible use that we can make of these publications.

In the way of background the Soviets recently conveyed to Gus Hall, General Secretary, Communist Party, USA (CPUSA), their desire that Hall advise them concerning the names of periodicals and newspapers in the United States which are being influenced by the Chinese.

The attached airtel from New York dated 10/3/63 discloses that pursuant to the request made by the Soviets, Hall furnished NY 694-S* for transmittal to the Soviets a 20-page 1963-64 catalogue of "China Books and Periodicals" along with a 39-page pamphlet entitled "Which Path--Cowardice or the Teachings of MAO Tse-tung?" In accordance with Hall's instructions NY 694-S* on 10/3/63 gave these two publications to his Soviet contact along with the following comments made by Hall concerning these publications.

Hall described "China Books and Periodicals, 292 Gough Street, San Francisco, California," as being possibly the most lavish promoter and distributor of Chinese literature in the United States. Hall indicated that the catalogue of this agency is widely distributed.

With reference to the pamphlet, "Which Path--Cowardice or the Teachings of MAO Tse-tung?," Hall commented that this is a reprint of a 12/31/62 editorial which appeared in "Renmin Ribao," an official publication of the Communist Party of China. Hall stated that the pamphlet was published under the auspices of "Hammer and Steel," a publication edited by Homer Bates Chase, who was expelled from the CPUSA in 1961 for advocating the liquidation of the CPUSA and for anti-Party activities. Hall described

DOCUMENT PREPARED BY PHIL FRANKFELD
REGARDING NEGOTIATIONS WITH SOVIET
REPRESENTATIVE IN LITERATURE FIELD

In early October, 1963, HYMAN LUMER turned over the following communication prepared by PHIL FRANKFELD, operator of World Books, New York City. The communication relates in part to recent discussions held by FRANKFELD and LUMER with an individual identified only as Mr. G, who apparently was a representative of Mezhdunarodnaja Kniga (MK), official U.S.S.R. exporting agency for books and publications. FRANKFELD had prepared this letter for possible transmission to the Communist Party of the Soviet Union (CPSU) in order to bring their attention to certain problems arising since the discussions had been held with Mr. "G".

The document noted above is set forth in full below:

"MEMO

- "1) Two discussions were held with Mr. G.... One in the store which was attended by myself (PHIL FRANKFELD) and two other people who listened in and a second one held in Horn & Hardup (cafteria) attended by Mr. Hy L (LUMER), Mr. G. and myself.
- "2) In both of these conversations, the discussions centered around the five (5) brochures of speeches and statements made by Mr. Khrushchev.

ENCLOSURE

- "3) Mr. G... made it clear that World Books would have an 'exclusive' in the handling, promotion and sale of the five Khrushchev brochures. We were told that Universal Distributors were not ordering any copies and that Four Continent would order only a few hundred copies of the sets.
- "4) We discussed with Mr. G.... the prices of the brochures and agreed they were to retail for 25¢ per copy and the set of five were to be sold for \$1.00. We also discussed promotion, advertising, direct mailings of the set of brochures to 1,500 to 2,000 opinion-makers, leading educators, publicists, university libraries, etc etc. We discussed running of advertisements in the N.Y. Times, National Guardian and other publications. Mr. G... asked me to prepare a special budget for promoting and advertising the sale of the brochures. This was done.
- "5) While talking to the owner of Universal Distributors about some titles of books, we got around to speaking about the Khrushchev brochures. HE TOLD ME THAT HE HAD ORDERED 2,000 COPIES OF EACH TITLE BECAUSE HE HAD BEEN ASSURED THAT FOUR CONTINENT WAS ORDERING A SMALL QUANTITY AND THAT WORLD BOOKS WAS ORDERING ONLY A FEW HUNDRED SETS. He told me that he had worked out an agreement to advertise the Khrushchev in the NY Times and other publications and was also going to mail out same to a large number of people. Otherwise, he told me HE NEVER WOULD HAVE ORDERED THAT LARGE QUANTITY OF COPIES OF THE KHRUSHCHEV BROCHURES. Mr. Kertez (owner of Universal Distributors) tried to convince me that we should charge 35¢ for each brochure.
- "6) Frankly, I was surprised and distressed to learn that Universal Distributors had been told practically the same thing that was told to World Books. He felt that he had pretty much of an 'exclusive' on these titles. I do not know how many copies (or sets) of the Khrushchev brochures have been ordered by Four Continent.
- "7) Finally, we have run into a terrific problem in the way the Khrushchev brochures have been sent out. a) we did not receive the invoices in the shipments that were made. We therefore had to call up Mr. G... to have M/K immediately remedy this oversight. INVOICES SHOULD HAVE BEEN

INCLUDED WITH EACH SHIPMENT VIA AIRWAYS FRANCE AND S.A.S. b) the shipments have been made in dribs and drabs...BUT WE HAVE TO PAY \$15.00 FOR CLEARANCE AND ENTRY FEE FOR EACH SHIPMENT TO THE CUSTOMS BROKER. This will come to a considerably sum of money--and it is a total and useless waste of money. In fact, there were shipments made of only two parcels of brochures--and for this small shipment, we will have to pay \$15.00 for clearance & entry to the customs broker. Such details are not unimportant, they are and should be cleared up in all future shipments from the USSR."

In connection with the above item, it has now been learned that this document will not be immediately transmitted abroad but delivery thereof will be temporarily held in abeyance pending possible negotiations which are scheduled to be carried out in another situation related to literature.

COMMUNIST PARTY, USA
RESERVE FUNDS
IS - C

As the Bureau is aware, CG 5824-S* and NY 694-S* have substantial CPUSA reserve funds in their custody, all of which funds are maintained in safety deposit boxes in Chicago and New York and are not invested for the purpose of obtaining income.

The Bureau is aware of the fact that GUS HALL for the past several months has placed the responsibility for investment of some of these funds solely on the back of CG 5824-S*. Each time when the informant is in contact with HALL, he, HALL, immediately requests information as to the disposition of the investment part of these funds. He has specifically instructed CG 5824-S* to invest up to \$100,000. For example, on 10/7/63 HALL again made inquiry concerning the investment of the \$100,000 which he had instructed CG 5824-S* to make. HALL, after being advised by CG 5824-S* that no investments had been made, stated, "g.. d... it, I gave you authority to invest up to \$100,000. We can't let this money just sit. At least invest this money so we get interest and can at least pay our travel costs. You have the authority. You handle the details."

CG 5824-S* has advised that he is mindful of the Bureau instructions and finds himself in the middle in this matter. He stated that he can no longer postpone investing these monies and that he currently has no business investments in mind. He feels that if he could invest \$100,000 in government bonds or interest

bearing savings accounts that he could at least temporarily pacify HALL. He further advised that unless he handles these monies per instructions immediately, it is possible that HALL will place these funds in other hands and the Bureau will lose control of the disposition of these funds.

The informant advises that HALL is expected in Chicago on 10/27/63 and he feels that at this time he must be able to pacify HALL on this investment matter.

Recommendation

In view of the position CG 5824-S* finds himself in, it is the recommendation of Chicago that the Bureau permit him to locate individual members of the Party whom he can control for the purpose of placing specific amounts in their hands for investments in government bonds or other interest bearing accounts. These funds would be placed by the informant in the hands of these individuals with the understanding that they would be readily available on call by CG 5824-S* and that all interest excluding amounts that the individuals might have to pay for income tax purposes would be turned over to CG 5824-S*. CG 5824-S* would invest no monies under his own or his wife's name or under the true name of NY 694-S*.

The Bureau is requested to give expeditious consideration to this matter so that CG 5824-S* can be given this authority and make arrangements prior to 10/27/63.

 SUBJECT: **SOLO**
INTERNAL SECURITY - COMMUNIST

This is to advise that CG 5824-S*'s proposed Solo Mission to the Soviet Union tentatively set for November, 1963, will probably not take place until early 1964. In addition, this is to recommend that CG 5824-S* be permitted to invest up to \$100,000 of Solo funds in his possession, pursuant to instructions given informant by Gus Hall, General Secretary, Communist Party, USA (CPUSA).

In the way of background, my memorandum of 9/19/63 pointed out that Gus Hall had instructed CG 5824-S* to be prepared to travel to the Soviet Union in November, 1963, for the purpose of obtaining from the Soviets a financial commitment for the 1964 budget of the CPUSA.

On 10/7/63 Hall met with CG 5824-S* and told informant that the forthcoming trip to the Soviet Union should be held in abeyance pending a full assessment of the Party's financial structure and developments in the international arena. Hall noted that in view of the Soviets' wheat negotiations, as well as the Soviet Union's heavy financial commitments in Cuba, it would be almost impossible for the CPUSA to expect to receive as much financial assistance from the Soviets for 1964 as the Party has received in the past. Hall also noted that undoubtedly there would be an international conference of all fraternal parties held in early 1964 in regard to the Sino-Soviet ideological differences. Hall suggested that CG 5824-S* might be able to combine his attendance at such a conference with the additional task of funds negotiations.

Hall then discussed with CG 5824-S* the matter of investing Party funds being held by CG 5824-S* and NY 694-S*. (CG 5824-S* and NY 694-S* have in their possession approximately one half million dollars of CPUSA funds. These funds are maintained by informants in safety deposit boxes.) Hall inquired of CG 5824-S* if informant had invested any of these funds as Hall had previously instructed. Upon learning that informant had not invested any of these funds, Hall admonished informant stating, "We can't let this money just sit. At least invest this money so we get interest and can at least pay our travel costs." Hall instructed informant to take immediate steps to invest up to \$100,000 of these funds.

Memorandum to Mr. Sullivan
RE: SOLO
100-428091

Informant feels that if the Bureau will permit him to invest up to \$100,000 in Government bonds or in an interest-bearing account, this would pacify Hall. Our Chicago Office recommends that CG 5824-S* be permitted to locate individual Party members he can control for the purpose of placing specific amounts in their hands for investment in Government bonds or interest-bearing accounts.

OBSERVATIONS:

We have given this matter of investing Party funds much thought in order to arrive at some course of action which would preclude the Party from receiving any returns on its investments. However, unless informant handles these funds per Hall's instructions, it is possible that Hall will place these funds in other hands. If this happens we will lose control of the disposition of these funds.

RECOMMENDATION:

That the attached airtel be sent to Chicago authorizing CG 5824-S* to take appropriate steps to invest Party funds along the lines recommended by the Chicago Office.

Dear Goody: (CG 5824-S*)

Just got back a few days ago from a very wonderful and enjoyable holiday and found a note from Bill (Kashtan, Organizational Secretary, CP of Canada) advising me that everyone was in good health. Was sure glad to hear about that.

You recall that we had jointly agreed to revise the score (text) of Wally's (Gus Hall's) music (pamphlet - "Peaceful Coexistence - The Only Choice") into a more popular vein. (shorter and up-to-date version). The revised sheets have been forwarded to the editor ("World Marxist Review") and we hope that Wally (Hall) will give his o.k. as soon as possible so that we can proceed with publication. (in "World Marxist Review").

We sent you an invitation to the reception (conference) at the Villa ("World Marxist Review") which is going to take place at the end of the month. We are anxious to know if you can accept the invite as we have not had a reply as yet. Please let us know your intentions immediately.

Also found two letters from Bella (Beatrice Johnson) when I got back. These were sent from the beach. (Cuba). Am enclosing both of them. They are self-explanatory. Would appreciate your comments on these so that I can advise her accordingly.

My visit to the small lakes (Canadian CP) has been delayed until early next year. Will let you know in good time when I will go fishing. (traveling).

Have not heard from Porchy (NY 694-S*) since I saw him last. Hope all is well down his way. We are anxious to hear from him.

Aunt Booker [redacted] is fine and sends her love. She sent on all the presents to [redacted] (Timur Timofeev).

Trust you and yours are well. All the best to you and your good frau from both of us and all our mutual friends.

Haven't seen the professor (Abe Chapman) yet but will in a day or so. Understand all is well and all arrangements are completed for his new appointment. (Trip to United States).

Hope to hear from you soon. Yours as ever,

Bass. (Norman Freed)

P.S. Would appreciate your comments on my review (revision) of Wally's music. (Hall's pamphlet).

In connection with paragraph 3 of the above letter, CG 5824-S* noted he was not exactly sure as to what conference FREED had made reference to as scheduled to be held at the end of 10/63, in Prague but was looking into this matter.

2. A one-page typewritten letter dated 9/18/63, prepared by BEATRICE SISKIND JOHNSON, "Worker" correspondent, Havana, Cuba. In connection with the text set forth below, the information appearing in the parentheses has been added by CG 5824-S* for assistance in interpreting the contents thereof.

Sept. 18, 1963

Dear Norny- (Norman Freed)

After a memorable journey on the TU 114 we arrived in this glorious country. (Cuba). Its as hot as hell, but the excitement of being here and seeing this wonderfully heroic people, working organizing and defending themselves makes everything else insignificant.

Norny please inform Bill (CP, USA or CG 5824-S*) that no one here knew of my coming. Only, Blas (Roca) had heard something and expected me July 26th. When nothing further was heard he

CG 134-46 Sub B

gave it up. It is only due to my acquaintance with the international organizations people who had been to Europe, that I was able to establish contact. It was not good. My main appointment (with Fidel Castro) will be Friday and I shall write to say what happens.

Shall I write to you? No one here seems to know if Libby (Parks) and her husband (LMF Parks) are still here. Have been looking all day. Perhaps it will still turn up. I can be reached at the Riviera (Hotel) until next week - I shall inform you of any change.

As soon as I have more definite information about things I shall write in detail. One thing is certain I must have material sent me, for at this moment, it may be different, but at this moment it seems as if my predecessor (Joseph North) has left nothing to go by. As the case may be, current stuff I will certainly need. And Norny can you put me on the list for Marxism ("World Marxist Review") today from Canada?

Last night was the first one here and out of my 18 storey window I saw the 3 mile limit loaded with war ships flashing their amonous (sic) lights on the peaceful island. Its a menacing sight to see.

My best to and (Abe and Belle) Chapmans.

Dear Normy-

We have been here 5 days and its a most exciting experience. The watch word is organization on all fronts. The enthusiasm is on a very high level.

No one expected me and it was by virtue of my international reputation that I was able to get the people I needed. And I found a girl here with a press card for the paper ("The Worker") as the correspondent. Can't figure it all out.

Anyway started something. Please give the enclosed to Bill. (Apparently referring to CP, USA).

And Normy please do send me your publication - need material badly.

PS - This is my second letter. Answer please. Saw Libby (Parks, CP of Canada representative in Cuba) - there is no recorder -

4. A one-page undated handwritten letter from one "Bella" who CG 5824-S* feels is JOHNEON, addressed to BILL, who CG 5824-S* believes is intended to mean him or perhaps GUS HALL or JAMES JACKSON of the CP, USA. In CG 5824-S*'s opinion, the message was so prepared by JOHNEON in order to conceal the identity of the writer and identity of the addressee in case of a possible intercept of this message in its transmittal to the CP, USA. The text of this letter is as follows:

Dear Bill-

We have been here 5 days and found to our surprise that they did not expect me. It created problems. Through people I had known I manage to present my stuff, including a series of proposals on which to work.

CG 134-46 Sub B

- 1- For the people down here to issue mass appeal to our people to be used in a mass campaign for reversing hostility, for recognition, trade and to promoting friendship.
(As soon as I hear from you I will send more details).
- 2- To start questionnaire in the paper about what is doing down here which I will answer by journalistic media.
- 3- To arrange to send bundles of publications for circulation here. There has not been anything for about a year, but left stuff.
- 4- I want direct mail as soon as possible.

My status is a new thing here. Am the only one so far and will have to find a way to do it. But it cant be onesided or in an isolated manner. You understand I am waiting word from my friends.

Best to everybody-

Bella

PS-By the way there is a girl here with a press card from Jim.

One Xerox copy of the foregoing items are being furnished herewith to the New York Office in order that they may be immediately transmitted to NY 694-S* for his information. CG 5824-S* suggested that NY 694-S* not at this time make the full text of these items known to GUS HALL.

Re NY airtel, 10/10/63.

On 10/21/63, the NYO intercepted the following radio message addressed to XDU:

"XDU 1 KEEEE BT (long break) --- OR 40 BT

overriding interference precluded further copy)

The sender was transmitting on about 14500 KCS. The transmitter began sending the XDU call sign at 11:20 a.m., 10/21/63; at 11:25 a.m. he broke this call and sent the above 40 group message which ended with SK. This procedure was identical to that used in reairtel transmission.

The above lends emphasis to the previously stated assumption that instant communications are emanating in the USSR and are addressed to an unknown illegal Soviet agent.

Re Chicago airtel dated 9/9/63, and enclosed informant's statement captioned "Discussion with HENRY WINSTON, Vice Chairman, Communist Party, USA, Moscow, USSR, August, 1963."

The referenced informant's statement notes that HENRY WINSTON carried on an extensive discussion with CG 5824-S* during August, 1963, relative to his marital status and other personal problems. At this time, WINSTON remarked that if there was to be another try for reconciliation made with [REDACTED] IRVING POTASH would be the individual he would choose to make the effort for him. At the time, WINSTON noted that he would like POTASH to make another effort on his behalf and see [REDACTED] for him.

On October 9, 1963, CG 5824-S* advised SAs RICHARD W. HANSEN and WALTER A. BOYLE that he had been in contact with IRVING POTASH during the week of September 29, 1963, while in New York City. Reurairtel (copy to Chicago) received at the Bureau 10/25/63 which pertains to a meet between NY 694-S* and his Soviet principal, Aleksey Kolobashkin, on 10/23/63.

Kolobashkin stated that the Russians had in mind that these individuals "work with us."

The following messages were included on the microfilm:

(1) A ciphered-coded message, the plain text of which was set forth in NYairtel, 9/20/63, on pages 2 and 3, and which message concerns Mr. and Mrs. WILLIAM J. POMEROYS being invited to the Soviet Union.

(2) A partially-coded message, the plain text of which follows:

"To CCCPSU:

"FELIX GREENE is the author of the book: 'Awakened China' which has become very widely known. Some of our members of CPUSA have had some discussions with him during the last few days. They think he is an honest progressive. While he still has leanings toward China, he now has many questions about their problems. The Chinese CP has invited him back to China. He wants to go, but he also wishes to go to USSR on his way back to China. He is thinking of writing a book on the differences between China and the USSR. Our CP members have suggested to him that he stop first in USSR both on the way to China and also on the way back. He has now left for London. There he is going to ask USSR Embassy for visa through USSR to China. It is my opinion ~~that~~ he should be invited to USSR and while there efforts should be made to convince him on the incorrectness of the Chinese CP position. I am sure it will have an effect as to what he will write when he gets back to USA.

"GUS HALL"

NY 100-134637

(3) A ciphered-coded message, the plain text of which is as follows:

"To CCCPSU:

"Upon his return MORRIS CHILDS informed me that an international fraternal conference was being considered. We heartily endorse this and believe that an earlier date would be desirable since the Chinese continue to aggravate the situation. Please inform us of the date chosen. As soon as we are finished with a series of top NEC meetings which are now in session, it is planned to send CHILDS to Moscow to take up with you a number of important and earnest questions which concern our CP. The date of this international conference is of great importance; therefore your immediate reply to us is most essential.

"GUS HALL"

ReNYairtel, 9/6/63, page 2, item 3, with respect to a message forwarded to the Soviets on 9/5/63 noting GUS HALL's approval of the proposal for a conference of fraternal parties in about six months.

(4) A ciphered-coded message, the plain text of which is as follows:

"To CCCPSU:

"CP members GUS HALL and ELIZABETH GURLEY FLYNN want to attend the conference of fraternal parties when it is held. They are initiating as of now legal action to obtain passports. Their case can be strengthened if they can give government an approximate date for traveling. This fight will be conducted openly and publicly. We repeat, an approximate date is urgent--rumors in press here very confusing.

"MORRIS CHILDS"

(5) A coded message, the plain text of which is as follows:

"To CCCPSU:

"PLEASE NOTE! The following statement is a first draft - and is not for publication. Our NEC meeting is now in session and we are speeding this draft copy to you, for your reading only - final and finished statement will be rushed also."

The "first draft" referred to above is a 13-page document entitled "On the Ideological Position of the Communist Party of China - Statement by the Communist Party of the United States, September 23, 1963." Copies of this statement were forwarded to Bureau and Chicago as enclosures to New York airtel, 10/2/63, captioned "CPUSA - ORGANIZATION, IS - C."

A copy of this statement followed message #5 on the microfilm delivered to his Soviet contact by NY 694-S*.

(6) A partially-coded message, the plain text of which follows:

✓ "Initial steps being taken by a group of loyal businessmen to lease exhibition booths at New York World Fair, International Pavilion, which opens April 1964 to sell and to exhibit products from socialist countries. The objective of this exhibition is to create goodwill between the people of USA and USSR and the socialist countries since there will be no official exhibits of USSR and other socialist countries at this World Fair. This exhibit will serve an important purpose--to publicize the goods of socialist countries; to obtain from the sales a profit which this group of loyal businessmen will secretly give to CPUSA. Please be advised that these two U. S. businessmen and CP members are friends of mine and work with Morris Childs. When Childs was in USSR last, he informed you that such a delegation of businessmen was constituted and would visit you soon. One or two of the wives may accompany the delegation--these CP members also work in our organization. With warm fraternal greetings.

(8) A plain-text message as follows:

(9) A partially-coded message, the plain text of which follows:

"The following is the first of reports regarding pro-Chinese activities in USA.

"JACK BROOKS"

"To CCCPSU:

"The following is a description of Chinese activity in which they contact pro-Chinese elements so to help them financially and promote Chinese ideological activities:

"Partial and Incomplete Memo re Chinese Propaganda Material

"1) / Guozi Shudian, the book and periodical export firm for the Peoples Republic of China, recently wrote to MARGARET KRUMBEIN, of Imported Publications in New York City, a proposal for an intensive campaign for subscriptions to 'The Peking Review.' They urged that ads be put in other publications and especially in 'The National Guardian' and 'Progressive Labor.' These were the only publications mentioned by name for the ads. Mrs. KRUMBEIN notified Guozi Shudian that she cannot and will not undertake such a subscription campaign of ads for 'The Peking Review.' MARGARET KRUMBEIN is primarily interested in Soviet publications and is a responsible person.

"2) MILTON ROSEN, who was expelled from the Communist Party in 1961 for advocating liquidation of the Communist Party and capitulation to the U. S. Supreme Court decision of June 4, 1961 on the Mc Carran Act against the CP, USA, recently came to the

NY 100-134637

"office of Imported Publications and told MARGARET KRUMBEIN that he had received a letter from Guozi Shudian making the proposal that MILTON ROSEN become the agency in New York for all Chinese publications and materials.

"ROSEN, who is the leader of a grouping called Progressive Labor Movement and the editor of the monthly publication called 'Progressive Labor,' inquired of Mrs. MARGARET KRUMBEIN as to what is involved in registering as 'an agent of a foreign government' under the laws of the U.S.A. He was told that he would have to register, and then said that under those circumstances he would not want to become personally the agent.

"Two days later, [redacted] of [redacted] Brooklyn, who is now a member of ROSEN's organization, came to the office of MARGARET KRUMBEIN and asked the same questions about becoming an agent for Chinese publications. [redacted] who was expelled from the Communist Party in 1958 for joining with anti-Party persons of the ultra left in an effort to split the Communist Party, said she was going to open a bookstore in Harlem and was going to be an agent for Chinese literature with a special effort to sell and distribute such literature among the Negro people. This store has not yet been opened, but obviously [redacted] is doing this as a member of the 'Progressive Labor' group of MILTON ROSEN. b6 b7C

"These events indicate the closer relations between the Chinese and this anti-Party, irresponsible and opportunist group known as 'Progressive Labor.'

"3) Possibly the most lavish promoter and distributor of Chinese literature is 'China Books and Periodicals, 292 Gough Street, San Francisco, Calif.' This agency started in Chicago and has moved to California. Their 20-page catalogue is widely circulated. Some pages shown here.

NY 100-134637

"4) 'Hammer and Steel,' a publication by Homer Chase which is filled with the most slanderous and crude falsehoods against the CP, USA, and against the CP of the Soviet Union and especially against the leadership of these respective Parties, also claims to be an authorized spokesman for the Communist Party of China, and a distributor of the Chinese material.

Homer Chase
"Homer Chase was expelled from the Communist Party in 1961 for advocating the liquidation of the Communist Party and for factionalism and anti-Party activities, and for a series of irresponsible acts in violation of Party policy. He organized a group of about five or six persons in Boston as a base for carrying out his anti-Communist activity and for mailing material.

"The pamphlet shown below, 'Which Path - Cowardice or the Teaching of Mao Tse-Tung' is a reprint of a 'Renmin Ribao' editorial of December 31, 1962. The introduction and the back page ad expose the anti-Communist character and publications of this group.

"5) The publication, 'Africa Revolution,' was shipped to this country in substantial quantity without any announcement, agreement or orders. To some who read the first issue, the character of this publication was not so easily established. After some discussion, its purpose was soon established, and the second issue was more easily identified as divisive, factional, and of a splitting purpose.

"Thus, Mrs. MARGARET KRUMBEIN helped get some subscriptions when this publication first came and placed an ad announcing the publication. When the second issue came, and when she saw the character of the publication, she refused to handle it in any way. She even wrote to those who had subscribed through her and returned their subscription money because she could have nothing to do with this publication.

"However, a Mr. GIBSON, who formerly had been in a responsible post of the Fair Play for Cuba Committee in the U.S.A., became the agent for 'Africa Revolution' with offices in Geneva, Switzerland.

NY 100-134637

"Mr. GIBSON has many contacts in the U.S.A., and has been using these contacts to circulate 'Africa Revolution.'

X "Mr. GIBSON has been in contact with Mr. WATTS of the 'Liberator,' a monthly publication with a policy now that is divisive and negative toward the Negro Freedom movement in the United States. The 'Liberator' role has been particularly vicious and slanderous in its attitude toward the role of Rev. MARTIN L. KING, JR.

"Mr. WATTS received 1500 copies of 'Africa Revolution' from Mr. GIBSON. There was some delay at Customs but he is now distributing this publication. Thus, the Chinese are using Mr. WATTS and the 'Liberator' here to advance their line.

"To what extent this has been repeated in other cities, at the moment we do not know.

"6) There is a new U. S. law which went into effect last January, and which requires certain labelling of 'subscription' material as distinguished from other publications sent as free copies. Without going into details, Mrs. MARGARET KRUMBEIN had worked out an arrangement so that 'subscription' publications could be sent to a subscriber without any harassing of the subscriber.

"However, the Chinese decided to ignore all such arrangements and sent pamphlets and other material with their point of view to every mailing address which they had available. Thus, the subscribers to the Medical Journal, or to the Sports magazine, or to China Pictorial - as well as the subscriber to Peking Review - received the pamphlets, 'The Difference Between Comrade Togliatti and Us,' and 'Whence the Differences,' and 'More on the Differences,' and 'A Comment on the Statement of the CP,USA,' etc.

"The reaction to this material among subscribers and the reaction of the Customs authorities is not difficult to imagine. The result is further restrictions by the authorities.

NY 100-134637

"7) As to other publications such as the Trotskyite 'Militant' and 'Workers World,' and their use of the Chinese material, we think this is well known.

"The above is not a complete memo and is only intended as a partial examination of some developments."

Following the above message were copies of a catalogue of "China Books & Periodicals," 292 Gough Street, San Francisco, California, and the pamphlet, "Which Path - Cowardice or the Teaching of MAO Tse-tung?". A photostat of each of these documents is being forwarded herewith for the Bureau and the Chicago Office.

ReNYairtel, 9/24/63, with respect to Chinese influence upon periodicals and newspapers in the United States.

10) A partially-coded message as follows:

"BERKMAN is next.
Sister HELEN is next."

This message designates the next rendezvous for personal contact and for a drop.

11) A partially-coded message, the plain text of which follows:

"NOTE! Reminding you again for 15 more invitations for Friday's reception for Gromyko. Our NEC members are in New York from all over the United States and some of them would very much want to go there. Give invitations to ~~JESSICA SMITH~~ or to ~~JAMES E. JACKSON~~."

NY 100-134637

NY 694-S* advised that the above message refers to a reception to be held on the evening of 10/4/63 at the Soviet Mission to the United Nations in New York City in honor of ANDREI P. GROMYKO, USSR Minister of Foreign Affairs. GUS HALL, General Secretary, CPUSA, had received four invitations to this affair from the Soviets, but desired fifteen additional ones in order that some of the members of the CPUSA NEC might attend this reception.

12) A partially-coded message, the plain text of which follows:

"If there are no definite arrangements in making contact by Walky-talky or otherwise please go to Sister HELEN on October 23. I do this to make sure I do not lose contact with you."

Sister HELEN refers to a drop through which contact may be made by NY 694-S* with KOLOBASHKIN.

NY 694-S*, in referring to message #5 above, advised KOLOBASHKIN that with respect to the 'first draft' of the statement, "On the Ideological Position of the Communist Party of China," a copy of which was included in the microfilm he had given KOLOBASHKIN, the draft has become the final draft. KOLOBASHKIN said that he would send the statement to the CCCPSU as soon as possible.

KOLOBASHKIN informed NY 694-S* that on 10/1/63, he had received a telegram from the CCCPSU containing messages concerning BERNARD KOTEN, BEATRICE JOHNSON and the meeting at the "Armstrong" rendezvous on 10/2/63. From their conversation, NY 694-S* was able to determine that this message that KOLOBASHKIN had received by telegram on 10/1/63 was the same which he, NY 694-S*, had received from the Soviets in a ciphered-coded radio message. This message is set forth in NYairtel to Bureau, 9/30/63.

NY 100-134637

KOLOBASHKIN emphasized that BERNARD KOTEN should not be given any "secrets" under any circumstances.

NY 694-S* advised KOLOBASHKIN that GUS HALL would appreciate it if fifteen additional tickets for the ANDREI GROMYKO reception on 10/4/63 at the Soviet Mission to the United Nations could be made available to HALL. KOLOBASHKIN advised NY 694-S* that these tickets would be made available on 10/3/63 to either the editor of "The Worker" or to JESSICA SMITH.

KOLOBASHKIN advised NY 694-S* that arrangements have been made whereby GUS HALL will be able to meet privately with ANATOLI F. DOBRYNIN, the Soviet Ambassador to the United States, while both are in attendance at the 10/4/63 reception at the Soviet Mission to the United Nations. KOLOBASHKIN and NY 694-S* have agreed that when KOLOBASHKIN sees GUS HALL at this reception, he will walk up to HALL, shake HALL's hand, and ask HALL if it is true that he caught a 50-lb. fish last summer. HALL should be able to recognize KOLOBASHKIN from his physical description and from the fact that KOLOBASHKIN has an anchor tattooed on his right hand between his thumb and forefinger. KOLOBASHKIN will ask HALL if he desires to meet another fisherman, referring to ANATOLI DOBRYNIN. HALL, by his reply, will then be able to indicate whether or not he desires to meet with DOBRYNIN. KOLOBASHKIN noted that if HALL does not wish to confer privately with DOBRYNIN on this occasion, arrangements may be made for a subsequent meeting at the UN Mission; for example, at the November celebration of the Soviet Revolution.

NY 694-S* informed KOLOBASHKIN that under no circumstances is anyone else from the CPUSA to be allowed to talk with DOBRYNIN, noting that some of these people, such as JAMES JACKSON and BENJAMIN J. DAVIS, are very ambitious. KOLOBASHKIN agreed on this point, but noted that the Soviets are interested in having DOBRYNIN speak with JAMES ARONSON of the "National Guardian" in an effort to influence the editorial policy of the "National

NY 100-134637

Guardian" with respect to the dispute between the CP of China and the CP of the Soviet Union. KOLOBASHKIN described the "National Guardian" policy in this regard as "zigzag."

NY 694-S* advised that he himself does not know what matters HALL wishes to discuss with DOBRYNIN or if HALL will, in fact, speak to DOBRYNIN. However, it was agreed between NY 694-S* and KOLOBASHKIN that under no circumstances is GUS HALL to speak to DOBRYNIN about money, but that he may speak to him in general terms on politics. NY 694-S* anticipates that he will be advised by HALL himself of the results of any meeting that may take place between HALL and ANATOLI DOBRYNIN.

In the course of their meeting on 10/2/63, KOLOBASHKIN advised NY 694-S* of the signals to be used in the future by means of the "walky-talky" radio equipment in setting up contacts either through personal meetings or drops. This matter will be set forth in detail under separate cover.

Chicago is requested to notify CG 5824-S* of each of the above messages.

My letter to you dated September 24, 1963, contained information that the Communist Party, USA (CPUSA), desired to have the Communist Party of the Soviet Union (CPSU) invite a Negro delegation from the United States to tour the Soviet Union.

The following information supplied by a source who has furnished reliable information in the past is being brought to your attention as a matter of possible interest.

The CPSU recently advised the CPUSA that the Soviet Uzbek Society of the Friendship and Cultural Relations with Foreign Countries desires to invite to the Soviet Union in October or November, 1963, a delegation of seven Negro leaders for a visit of one-month duration. The Society will pay all travel expenses as well as all expenses during the delegation's stay in the Soviet Union. The CPSU requested the CPUSA to furnish names of Negroes to be included in this delegation. The CPSU indicated it would prefer eminent Negro leaders "who could openly speak in the Soviet Union as well as after their return to the United States."

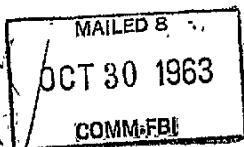

The CPSU also advised the CPUSA that the Soviet press is giving wide coverage to the struggle of the Negro people for their rights and several Soviet public organizations have made statements and protests against the brutalities of American racists toward the Negro people.

PURPOSE:

SAC Johnson, Chicago, advised on 10-24-63 that he had discussed with CG 5824-S* his contemplated forthcoming trip to Russia and the possibility of an earlier preparatory conference there. Johnson stated that the informant's health is not good and recommended the use of Bureau stenographers in taking the informant's information, with which we concur, bearing in mind the primary consideration is the security of the informant.

DETAILS:

SAC Johnson, Chicago, telephonically advised on 10-24-63 that he had just left a meeting with CG 5824-S* at which they discussed the informant's possible attendance at the forthcoming conference of workers and communist parties throughout the world in Moscow, Russia, probably in early 1964. The informant stated there was a possibility of a preparatory conference which would be held in advance of the main conference. The informant had no information as to the date of this preparatory conference, but felt he would probably only receive short notice, requiring him to proceed to Moscow. He also indicated it was likely that he would be requested by the Russians to remain in Moscow for the full conference.

SAC Johnson stated that the informant's health is not good and that he, Johnson, feels assistance must be given to the informant in handling his work load, particularly as regards his informant reports. Previously on the informant's return from Solo trips to Russia, the Chicago Office has utilized trusted and experienced stenographers to take dictation from the informant of the voluminous information developed while in Russia. Johnson feels that it would be a tremendous help in view of the informant's health to provide a stenographer approximately once each week to assist in preparing the informant's information in report form. In addition to taking some of the pressure off of the informant, it would permit the Bureau to have the benefit of the exact wording of the informant's information.

Memorandum to Mr. Sullivan
Re: Solo
100-428091

SAC Johnson stated he had gone into the question of security of the informant thoroughly; that he would be in a position to utilize any one of three mature, experienced, well-qualified stenographers who have been used in the past to meet with the informant and the contacting Agent. Meetings with the informant are constantly rotated from hotel to hotel.

OBSERVATIONS:

The informant has been in declining health now for sometime. Despite this fact, he has continued to assist us in these highly secret clandestine operations. It is felt that we can relieve him of some of his load in the preparation of informant reports by making a stenographer available for direct dictation from the informant. This will not only relieve the informant of some pressure, but should effect a savings in time and will give us the benefit of having reports in the informant's words. Insofar as security is concerned, we see nothing in this arrangement which would jeopardize the informant.

RECOMMENDATION:

That SAC Johnson be authorized to provide stenographic assistance to the informant at the time of Agent contacts. He will be advised that security is of primary concern and must be constantly borne in mind.

INTERNAL SECURITY - COMMUNIST

I thought you would be interested in learning of developments which have caused a breakdown in relations between the Communist Party, USA (CPUSA), and the Communist Party (CP) of Cuba.

You will recall that the CPUSA made previous arrangements for Beatrice Siskind Johnson to be "The Worker" correspondent in Cuba and to also serve as liaison between the CPUSA and the CP of Cuba. Johnson is a former United States citizen who has been employed in radio work for a number of years in the German Democratic Republic (GDR). By reason of her work in the GDR she was awarded the highest honor of that country which is equivalent to the Soviet Order of Lenin. It was necessary for the CPUSA to do considerable persuasion to get Johnson to agree to leave the GDR and accept the assignment in Cuba in behalf of the CPUSA.

CG 5824-S* received information through a mail drop in Chicago that Johnson after her arrival in Cuba had not been accepted by the Cuban CP as liaison between the CPUSA and the CP of Cuba and that another woman already was serving as "The Worker" correspondent in Cuba. CG 5824-S* conveyed this information to NY 694-S* requesting that CPUSA General Secretary Gus Hall be advised.

On 10/16/63 NY 694-S* furnished this information to Gus Hall. Upon hearing this report, Hall became enraged shouting, "That S.O.B. Castro! After all the trouble we took to send her (Johnson) there, that b-----d ignores us!" Hall then stated he had previously sent a message to Castro through Victor Rabinowitz, a New York City Attorney, who handled legal matters for the Cuban Government. In his message, Hall said he pointed out to Castro that the student youth organization (Permanent Student Committee for Travel to Cuba) that went to Cuba in the Summer of 1963 was an anti-Party, pro-Chinese group and the Cuban CP was dealing with "the wrong people." According to Hall, Castro in replying to his message referred to Hall as "that S.O.B. Hall!" Castro said he would deal with whomever he pleased and that Hall should mind his own business and not try to tell him who to see or what to do. Hall then excoriated Castro for not signing the nuclear test ban treaty; for aligning himself with the Chinese; for acting like a

dictator in not holding elections; and for refusing aid from the American Red Cross to assist the Cuban people in recovering from the effects of the recent hurricane. Hall declared that Castro's antics were making it impossible for the CPUSA to create any American sympathy for the Cuban regime.

NY 694-S* stated that Hall was so incensed concerning the Beatrice Johnson incident that he left the room stating he was going to find out from James Jackson, Editor, "The Worker," as to who was acting as "The Worker" correspondent in Cuba. When Hall returned, he was apoplectic with rage. Without identifying the woman by name, he said she was "that G-- d--- woman who was arrested with the Cuban saboteurs in New York." Hall then proceeded to continue his vituperative attack on Castro and the Cuban CP. He was so agitated that he picked up a handful of toothpicks and broke them into bits and then tore to shreds some papers he had in his hand.

As regards the identity of the woman reportedly acting as "The Worker" correspondent in Cuba at the time of Beatrice Johnson's arrival there, it is noted that [redacted] was the woman arrested with the Cuban saboteurs in New York and as of August, 1963, it was reported by [redacted] that she was residing in Cuba as a representative of the "Daily Worker." *C. W. W.*

OBSERVATION:

It is not clear at this stage how [redacted] happens to be representing "The Worker" in Cuba and it remains to be seen what steps Hall will take to iron out this situation. Most likely he will seek the aid of the Soviet Union in endeavoring to force the Cuban CP to accept Beatrice Johnson as "The Worker" correspondent and liaison between the CPUSA and the Cuban CP.

ACTION:

We will follow this matter closely and keep you advised of all pertinent developments.

Re Chicago airtel, 10/16/63, captioned as above, reflecting that CG 5824-S* had received a communication from NORMAN FREED, Communist Party (CP) of Canada representative to the "World Marxist Review."

On 10/22/63, NY 694-S* advised that he received, through a mail drop in New York, a coded letter from NORMAN FREED, which was transmitted to the informant by the Canadian CP. The said letter repeated the information contained in the referenced Chicago airtel, and with respect to the part thereof reflecting that GUS HALL's pamphlet, "Peaceful Coexistence--The Only Choice," was being revised, and sent to the CPUSA under separate cover, FREED requested that he be advised by wire whether GUS HALL approved the changes as made in the said document. FREED noted that the "World Marxist Review" intended to publish the document in at least three languages--English, French and Spanish.

FREED further mentioned that he had seen "a professor" (ABE CHAPMAN, mentioned in referenced Chicago airtel) on 10/9/63,

at which time, he learned that the latter expects to be back in the United States by the end of October. FREED also said that he would confer with CHAPMAN before the latter left for the USA and would discuss with him a number of important matters.

NY 694-S* further advised that on 10/22/63, he received, via a New York mail drop, a coded letter from LESLIE MORRIS, enclosing a note from BEATRICE JOHNSON SISKIND. The note from SISKIND is as follows:

"Oct. 4, 1963

"Greetings: I suppose Libby has already informed you that I am here, have been for two weeks. There is so much going on that its hard to know where to start and discussion with people is sporadic, polite, but not very helpful. I have already send several things directly to JIM, but its in a vacuum, because I dont have the slightest assurance that anything gets there. So you see Its a tough proposition.

"And in this respect I have a great favor to ask of you. Can you get word to G. that our paper no one has seen for a year, other publications are not known, some individuals get a copy every now and then and that is all, the left stuff is all over the place. Secondly to write to me and give me indications as to what is most likely needed from here. I am using my judgement based on some things that get here over the wires. Most important I have made a series of proposals which involve coordination. They will probably be discussed here one of these days. The truth is that the people here are a little cold to us, because they dont see to much activity in their behalf and because some of the lefts have established contact.

"I must ask you to transmit the above because as far as I know there is no other way at this moment. I am very anxious to get started, but it can't be completely on my own. You understand.

NY 100-134637

"In general there is little or no information and understanding of the work of our people, the changes during the cold war period and now. One hears some strange things. All this can be changed with the proper material. I am handicapped, because all my books and materials are in the harbor for want of a place to bring them to. In time that will be solved, but a way must be found for current stuff.

"Everything here is in the propose of formation and organization. The job is tremendous. It must all go from top to bottom. The people are magnificent and the revolutionary spiirt is high, but discipline and organization must be cultivated.

"We are glad to be here, but would like to be able to do the job that is necessary under the circumstances. So thanks for connecting me with my folks."

"LIBBY" mentioned in the above letter in paragraph one is LIBBY PARKS, Canadian CP liaison with the Cuban CP.

"JIM" mentioned above in paragraph one is JAMES JACKSON, editor of "The Worker."

"G." mentioned in paragraph two above is GUS HALL.

In the same letter, LESLIE MORRIS advised NY 694-S* that the Canadian CP was delighted to learn that CG 5824-S* and CLAUDE LIGHTFOOT would attend the coming CP plenum which will be held between November 15 and 18, 1963, in Toronto.

LESLIE MORRIS also stated that the CP of Canada has no more information concerning the recent hurricane in Cuba than the CPUSA has. He stated, however, that he hoped that the PARKS, who would be writing soon, would furnish current information concerning the situation in Cuba as a result of the hurricane. He further noted that pressure was being placed on the Canadian government to furnish assistance to the Cubans at this time.

SUBJECT: SOLO
INTERNAL SECURITY - COMMUNIST

On 10-23-63, NY 694-S* had a meet with his Soviet principal, Aleksey Kolobashkin, Third Secretary, Soviet Mission to the United Nations. The following pertinent information was obtained as a result of this meet.

Request for Assistance from Communist Party, USA, in Soviet Intelligence Operations

Kolobashkin said the Soviets desired that NY 694-S* furnish them the names and addresses of three reliable white, male Americans in the 20-30 age bracket, "progressive" but not associated with the Communist Party, USA (CPUSA). He also requested that the Soviets be furnished a biographical sketch of these persons. Kolobashkin said that the Soviets had in mind that "these individuals work with us." He said that once NY 694-S* submitted the names of the requested individuals, informant would have nothing further to do with this as the Soviets would handle the matter from there on. Kolobashkin also told informant that the Soviets, depending on how successful they might be with regard to the first three individuals suggested by NY 694-S*, might make similar requests of the same nature.

Comment: NY 694-S* expressed the opinion that as a result of FBI coverage of Soviet activities, the Soviets are being forced to seek aid from the CPUSA for their espionage apparatus. We have under consideration the possibilities for exploitation inherent in this request of the Soviets and appropriate recommendations will be made by separate communication.

Negro Matters

Kolobashkin advised that the Soviet press is giving wide coverage to the struggle of the Negro people for its rights and several Soviet public organizations have made statements and protests against the brutalities of American racists toward the Negro people. Kolobashkin also advised that the Soviet Uzbek Society of the Friendship and Cultural Relations with foreign countries would like to invite a group of seven Negro leaders to visit the Soviet Union in October-November, 1963, for a visit of one-month duration. The Society will

pay all travel expenses and expenses during the delegations' stay in the Soviet Union. The Soviets would prefer to include in this delegation eminent Negro leaders who could openly speak in the Soviet Union as well as after their return to the United States.

Comment: My memorandum of 9-23-63 pointed out that CG 5824-S*, while on a Solo mission in the Soviet Union in August, 1963, took up with Soviet officials the matter of why they had not invited a Negro delegation to visit the Soviet Union in view of the importance of the current Negro struggle in the United States. The Soviet officials stated that any "decent" Negro delegation could visit the Soviet Union but that it would be inadvisable to invite such a delegation after November due to the fact that the Negroes would suffer from the effect of the extremely cold weather in the Soviet Union. This information was disseminated to the Attorney General by letter of 9-24-63. We will disseminate to the Attorney General, Department of State and the Central Intelligence Agency the fact that the Soviets have invited a Negro delegation*to visit the Soviet Union.

(*not yet selected)

Soviet Reception to be held 11-7-63

Kolobashkin told NY 694-S* that the Soviets have invited 1,000 guests to attend a party at the headquarters of the Soviet Mission to the United Nations on 11-7-63 to celebrate the Russian Revolution. Kolobashkin said that the Soviets were sorry that it would be impossible for Gus Hall to attend this party, but expected that Elizabeth Gurley Flynn, CPUSA Chairman, would head the CPUSA delegation at this celebration and they would consider Flynn as "their guest of honor."

Comment: Gus Hall apparently declined to attend because of the prosecution pending against him under the Internal Security Act of 1950. There is no prosecution against Flynn due to her age (74). The information pertaining to Flynn's expected appearance at this party will be disseminated to the Attorney General.

ACTION:

For information. Expeditious attention is being given to the dissemination of the items pertaining to the Soviets' desire to have a Negro delegation visit the Soviet Union and the information pertaining to the Soviet reception to be held 11-7-63.

the excellent reputation that the FBI now possesses was not gained by accident or chance, but rather is the result of careful planning and highly specialized investigation. It was felt that at this meeting it would be premature to question [redacted] concerning the period of time when he was engaged in the [redacted]. It was decided to question [redacted] concerning that period of his life since he was discharged from the U.S. Marines. When asked when he last had any contact with the [redacted] [redacted] thought a few seconds and stated that it was about two years ago. [redacted] then made the observation that he believed the waiter was interested in him for some reason. At this point the conversation was changed.

As the Agents and [redacted] were leaving, the waiter stopped [redacted] and asked him why he never drops in the restaurant any more. After an exchange of a few questions and answers, it was apparent the waiter had mistaken [redacted] for someone else.

While Agents and [redacted] were walking along 49th Street, [redacted] stated he had not heard from his father since about 1942, when he received a letter from him. He said he never answered his father's letter and has never made any inquiry concerning him at the Soviet Embassy.

At the conclusion of the interview, [redacted] in connection with a future appointment, suggested that he again be contacted at his place of employment to arrange a meeting. He said that perhaps if it were a slow day, a late luncheon meeting could be held.

Evaluation

[redacted] was again friendly, and appeared to have a good memory for names. (This opinion is based on light topics of conversation.)

It is felt that [redacted] is a mature individual and if, in future interviews, he displays an honest attitude of cooperation, with proper guidance and control, coupled with indirect assistance from existing Toplev informants, it is believed he can be of untold value to the Bureau in the discharge of its responsibility in the field of internal security.

This is to advise that Gus Hall, General Secretary, Communist Party, USA, instructed CG 5824-S* on 10-25-63 that informant should be prepared to depart for the Soviet Union within one week to ten days.

My memorandum of 10-25-63 pointed out that CG 5824-S* met with Gus Hall on 10-24-63, at which time they discussed informant's possible attendance at the forthcoming conference of all fraternal parties tentatively scheduled to be held in Moscow, Russia, in early 1964 for the purpose of discussing the Sino-Soviet dispute. Informant advised there was a possibility of a preparatory conference which would be held in Moscow in advance of the main conference and that his attendance would be required at the preparatory conference. Informant had no information as to date of the preparatory conference but felt he would probably only receive short notice requiring him to proceed to Moscow. He also indicated it was likely that he would be requested by the Russians to remain in Moscow for the main conference.

CG 5824-S* spent the entire day of 10-25-63 with Gus Hall. Informant was able to make a brief contact with the Chicago Office at which time he advised that Hall had instructed him to depart for the Soviet Union within one week to ten days. Informant will furnish more details regarding this matter as soon as possible.

We are following this matter closely and you will be kept advised of all pertinent details.

ReNYairtel, 10/24/63, reflecting that NY 694-S*, in the name of GUS HALL, had sent a letter on 10/23/63, to LESLIE MORRIS, General Secretary of the CP of Canada, arranging that liaison between BEATRICE JOHNSON SISKIND and the CPUSA be maintained through LIBBY PARKS and LESLIE MORRIS.

Referenced airtel also reflected that LESLIE MORRIS was being advised that, with regard to the New Zealand CP's supporting the CP of China, the CPUSA agreed that a joint statement should be sent to the New Zealand CP by the British, Australian and Canadian Parties, but that the CPUSA would prepare a similar letter on its own since the U.S. is not part of the British empire.

On 10/28/63, NY 694-S* received, via a NYC mail drop, a partially coded letter from LESLIE MORRIS for transmittal to GUS HALL. The letter contained the following information:

LESLIE MORRIS would do as GUS HALL suggested regarding maintenance of liaison between BEATRICE JOHNSON SISKIND and the CPUSA.

As yet the Canadian CP has received no information regarding the date of the meeting in Moscow where the Soviet-Chinese dispute is to be discussed by representatives of the Communist Parties of the world.

On 10/25/63, the Canadian CP learned that the seminar to be held by the "World Marxist Review" in Prague is "off".

TIM DUCK has read HALL's letter. The British CP does not think well of DUCK's suggestion about the joint statement to the New Zealand CP - it feels such a statement would "swell of interference." The other parties are considering the matter, but so far no action is being taken. That, however, does not mean that the CPUSA should not send its own statement if it is so inclined. It is a matter of judgment.

My letters to you dated September 24, 1963, and October 3, 1963, contained information pertaining to the arrest of Bernard Koten in the Soviet Union on a homosexual charge and his release from custody as a result of the intervention in his behalf by Gus Hall, General Secretary, Communist Party, USA.

A most sensitive source of this Bureau which has furnished reliable information in the past recently received the following information concerning Koten.

Koten, since his return to the United States, has been telling his friends that he had been "framed" by the Soviets; that he did not know what the charges against him were until he arrived in the United States; and that he had been mistreated in the Soviet Union. Koten said he had been quizzed at great length by the Soviet Secret Police, particularly concerning a notebook in his possession containing the names of his Russian acquaintances. Koten said after each Russian's name in his notebook he had placed a numeral to indicate his size in various articles of wearing apparel since it was his custom when visiting the Soviet Union to present gifts to his various Russian contacts. The Secret Police, however, could not be convinced of the fact that these numerals did not indicate that he was engaged in some kind of espionage activity. Koten said it was necessary for him to tell the Soviets repeatedly that he was not employed by the Central Intelligence Agency. Koten strongly denied that the homosexual charge against him had any basis in fact.

NY USSR

HOMOSEXUALITY

This is to advise that Bernard Koten, upon his return to the United States after having been released from custody by the Soviets on a homosexual charge, has claimed that he had been "framed" and that the Soviets falsely accused him of being employed by the Central Intelligence Agency (CIA). Gus Hall, General Secretary, Communist Party, USA (CPUSA) has learned that the Soviets have photographic evidence indicating Koten was guilty of homosexuality and Hall has indicated that the CPUSA will take steps to obtain a copy of this photograph if Koten persists in his claim that the Soviets "framed" him.

MORLEY

You will recall that Koten was arrested on a homosexual charge in Kiev, Russia, on 8/26/63 while serving as a leader of a group of American tourists. Koten, a United States citizen, is the Director of the Library of Intercultural Studies, the successor organization to the American-Russian Institute (ARI). The ARI has been designated as subversive pursuant to Executive Order 10450. In view of Koten's position and his record of promoting Soviet-American friendship, Gus Hall requested the Soviets to release Koten. The Soviets, acting on Hall's request, released Koten on 9/28/63 but cautioned Hall that Koten was not to be used in performing "confidential assignments."

HAAR

On 10/22/63, NY 694-S* met with Isidore Gibby Needleman, a suspected Soviet agent, and Needleman related the following information concerning Koten who had recently returned to the United States.

Koten has been telling his friends that he had been "framed" by the Soviets; that he did not know what the charges against him were until he arrived in the United States; and that he had been mistreated in the Soviet Union. Koten said he had

been quizzed at great length by the Soviet Secret Police, particularly concerning a notebook in his possession containing the names of his Russian acquaintances. The Secret Police, however, could not be convinced of the fact that these numerals did not indicate that he was engaged in some kind of espionage activity. Koten said it was necessary for him to tell the Soviets repeatedly that he was not employed by CIA. Koten strongly denied that the homosexual charge against him had any basis in fact.

Needleman told NY 694-S* that he personally was convinced of the fact that Koten had been guilty of homosexuality as charged, and had it not been for Gus Hall's intervention, Koten today would be serving a prison sentence in a Soviet jail. Needleman mentioned that he had learned that the Soviets had photographic evidence indicating that Koten was guilty of homosexuality. He said that he "wouldn't mind getting that photo," indicating if he had it, he would exhibit it "to everyone."

NY 694-S* furnished Gus Hall with the information he had received from Needleman. Hall stated that, if Koten persisted to continue repeating that he had been "framed" by the Soviets, it might be incumbent upon the CPUSA to take steps to obtain a copy of the photographic evidence indicating Koten's guilt.

OBSERVATION:

Koten is included in Section A of the Reserve Index. New York has previously been instructed to interview Koten and CIA has furnished us questions it desired to have Koten asked. We have previously disseminated information concerning Koten's arrest and the fact he was released from custody by the Soviets as a result of Hall's intervention in his behalf.

On 10/23/63, NY 694-S* advised SA [redacted] that at 6:00 p.m. on that date, he met with his Soviet contact, ALEKSEY M. KOLOBASHKIN in the vicinity of the "Berkman" rendezvous. They walked in the general area, during which time NY 694-S* gave to KOLOBASHKIN two rolls of microfilm containing a number of messages, including the following:

(1) A partially-coded message, the plain text of which reads:

"issue of 'Political Affairs' (in about two weeks), the same author is now writing another article entitled 'Two Years after the 22nd Congress of the CPSU.' Also JAMES E. JACKSON's article, which will be based upon his speech made at the 22nd Congress of the CPSU entitled 'War and Peace', will be completed. This will be followed by another article by HY LUMER entitled 'Why They Are Wrong.' These, as you can see, are the beginnings of our answers to the Chinese CP on their incorrect position regarding Marxism-Leninism.

"MORRIS CHILDS and GUS HALL"

Following the above message was a 27-page article entitled "Recollections of the 1960 Conferences" by ELIZABETH GURLEY FLYNN. A copy of this article is enclosed for the Bureau and for Chicago.

(2) A ciphered-coded message, the plain text of which reads:

"We respectfully inquire would the CPSU discuss with a representative of the CPUSA our problem on the Jewish question. An immediate reply would be most appreciated.

"GUS HALL"

(3) A partially-coded message, the plain text of which reads:

"Urgent. Please transmit at once. Please notify Comrade RUMYANTSEV at the 'World Marxist Review,' Prague, Czechoslovakia, that due to oppressive laws, the CPUSA cannot send a delegate to the seminar being held by the 'World Marxist Review' at the end of October. Please also notify Comrade NORMAN FREED of the Canadian CP, who is also Canadian representative to the 'World Marxist Review,' to send us the proceedings of this seminar. Also tell Comrade RUMYANTSEV that GUS HALL is awaiting galley proofs of the shortened version of his, HALL's, pamphlet on peaceful coexistence."

NY 100-134637

Reference is made to CG airtel, 10/16/63, page 2 of which states that an invitation had been sent to the CPUSA to a conference at the "World Marxist Review" and that an agreement had been made to prepare a revised edition of GUS HALL's pamphlet, "Peaceful Coexistence--The Only Choice," which would be published in the "World Marxist Review."

(4) A partially-coded message, the plain text of which reads:

"To CCCPSU

"Please transmit for us to Central Committee of the Communist Party of East Germany this second request from me.

"To Central Committee of the Communist Party of East Germany

"May I again call to your attention [redacted] HYMAN LUMER, CPUSA Secretary of Ideology and editor of our official organ 'Political Affairs.' I again request that [redacted] be invited to attend the Brecht School of Dramatics.

"His first application was abruptly denied, the reason being that he was unfamiliar with the German language. [redacted] has undertaken serious study of the German language and presently has a very good command of it. I therefore must respectfully request that expeditious consideration be given to your inviting him to enter this school. An immediate response to my request will be most appreciated.

"With fraternal Communist greetings,

"GUS HALL"

ReNYairtel, 6/4/63, page two of which states that a separate memorandum had been sent to the Central Committee of the East German CP in May, 1963, requesting the admission of [redacted] to the Brecht School of Dramatics in the German Democratic Republic.

"MORRIS CHILDS"

The "following page" referred to above sets forth the following:

"Re: [redacted]"

"Background

[redacted] of the author of a number of books - dealing with sex - [redacted] sold his financial interests in the books for a large sum, possibly \$1,200 or \$1,400 before he and [redacted] went to Prague. Thus there is no fund or money of which DAVE FREEDMAN is in charge. He says, 'There is no money.' However, [redacted] had written another book which deals with 'sex and young people' and which as yet is not published. [redacted] has recently been making plans for the publication of this book with [redacted] who is [redacted] of the publisher of [redacted] other books. [redacted] publishing business. In making arrangements for the publishing of this book, [redacted] had suggested, or someone had suggested, that [redacted] come to this country and work out final details, etc., (possibly this suggestion was made by [redacted]) - and that [redacted] would take care of the expenses of the trip, and then take it out of the royalties. Thus the expenses of the trip would be part of an advance payment on the book.

b6
b7C

NY 100-134637

"There is no agreement as to how much would be paid to [redacted] because this depends on the amount of the royalties - on the number of copies of the new book which would be sold. b6 b7C

"Thus, DAVE FREEDMAN says, 'There is no money,' and the future amount on the book is indefinite.

"As to the suggestion that [redacted] go to see [redacted] in Prague - DAVE FREEDMAN phoned [redacted] and said that he, FREEDMAN, had received a cable from [redacted] saying, 'Frantic have had no word from you,' and that this evidently referred to an earlier letter. [redacted] had written to DAVE FREEDMAN that she was returning to New York last July, and then another letter saying she was coming in August, and that she would send a wire telling him when she would arrive. FREEDMAN had expected the wire. FREEDMAN, in his phone conversation with [redacted] today said that [redacted] in an earlier letter had suggested that if it was difficult for her [redacted] to come to New York then possibly [redacted] could come to Prague. Thus, FREEDMAN suggested that [redacted] go to Prague and work out all details about the new book. Over the phone [redacted] said she thought that everything could be worked out by mail - apparently they are close personal friends - and that the earliest she could get away from New York to make a trip to see [redacted] in Prague would be at Christmas time - or the end of December. She has family responsibilities. [redacted] will write to [redacted] - and DAVE FREEDMAN will also be writing to [redacted] in response to her cable and previous letters. That is where it now stands." b6 b7C

ReCGairtel, 10/1/63, enclosing an informant statement setting forth the results of inquiry by the CPUSA on the matter concerning [redacted] This inquiry was made as the result of a request by LADISLAV KOTZMAN, member of the International Department, CP of Czechoslovakia and Ambassador Designate to Cuba. "It would be best that instead of your sending me your walkie-talkie signals in the morning on Wednesdays, from 10:00 a.m. to 10:05 am., you send them at night on Wednesday, at 10:00 to 10:05 p.m. When I hear your signals, we will meet the following day as previously arranged.

(7) A partially-coded message, the plain text of which reads:

"To CCCPSU:

"The following is the final and corrected editorial statement which the CPUSA will publish in the next issue of our political organ, 'Political Affairs,' answering the Chinese CP on their attack on us."

Immediately following the above message was a 13-page document entitled "On the Ideological Position of the Communist Party of China--An Editorial Article."

Copies of this same document were furnished to the Bureau by CG airtel of 10/16/63, captioned "CPUSA - INTERNATIONAL RELATIONS, IS - C."

(8) A partially-coded message, the plain text of which reads:

"Next is sister HELEN;
Next is DAN."

The above refers to the next drop and the next meeting place through which NY 694-S* may make contact with KOLOBASHKIN.

NY 100-134637

KOLOBASHKIN gave NY 694-S* a matchbook, within the layers of which was included a strip of 35 mm. developed film containing the following message:

"To GUS HALL:

"CCCPSU"

The August, 1963, issue of "Political Affairs" referred to in the above message contains an editorial article entitled "The Ideological Struggle in the American Left."

ReNYairtel, 10/3/63, page 2 of which sets forth a message from GUS HALL to the CCCPSU requesting that FELIX GREENE be invited to the USSR.

Information concerning MAX WEINSTEIN and [redacted] is set forth in NYairtel, 10/3/63, page 4, which states that steps were being taken by a group of businessmen to lease exhibition booths at the New York World Fair to sell and to exhibit products from socialist countries. [redacted] and WEINSTEIN are to go to the USSR to consult with representatives of the Commercial Ministry and to arrange for the purchase of products and for credit.

KOLOBASHKIN told NY 694-S* that the Russians have invited 1000 guests to attend a party at the headquarters of the Soviet Mission to the United Nations on November 7, 1963, in celebration of the Russian Revolution. KOLOBASHKIN said that the Soviets were sorry that it would be impossible for GUS HALL to attend the said party, but that they expected that ELIZABETH GURLEY FLYNN would head the CPUSA delegation in attendance there, and that they would consider her "their guest of honor."

KOLOBASHKIN advised the informant that with respect to the coming international conference of CP's of the world for discussion of the Chinese-Soviet dispute, no date has been set.

Before terminating their conference, KOLOBASHKIN told NY 694-S* that the Soviets desire that he furnish them the names and addresses of three reliable white male Americans, in the 20-30 year age bracket, progressive, but not associated with the CP. KOLOBASHKIN stated that the Russians had in mind that these individuals "work with us."

Handwritten: *Handwritten notes on left margin: "Add to Chicago 10/7/63"*

KOLOBASHKIN stated that after NY 694-S* furnished him the desired names and addresses, the informant would have nothing further to do with this matter--that the Soviets would handle the matter from there on. KOLOBASHKIN also told the informant that the Soviets would make similar requests of the same nature, depending upon how successful they might be with regard to the first three individuals suggested by the informant. KOLOBASHKIN also requested that NY 694-S* furnish the Soviets with a biographical sketch of the persons whom he would suggest to work with them.

The informant stated that, in his opinion, the Soviets, as a result of FBI activity, are forced to seek aid from Americans for the espionage apparatus. He stated that he has no one in mind whom he could suggest to the Soviets at this time. He stated that this is a matter which the Bureau should control, and that he will pursue this matter in accordance with Bureau instructions.

NY 100-134637

The NYO has under consideration the possibilities for exploitation inherent in this request of the Soviets, and appropriate recommendations will be made by separate communication.

ReBuairtel 10/29/63.

New York at the specific request of NY 694-S* has advised Chicago that since the request by KOLOBASHKIN for three reliable white, male, Americans is an apparatus or espionage situation, CG 5824-S* should not be advised of same, NY 694-S* further advised that CG 5824-S*, since this request has no relation to the Communist Party (CP) should not have this subject matter brought up with him on the occasion of the 14th Solo mission. He feels therefore that CG 5824-S* should not be aware of this information.

Since CG 5824-S* therefore will not know of this Soviet request and since it does appear to be an espionage or apparatus assignment for NY 694-S* and further since the recommendations could not logically include individuals from the Chicago area since NY 694-S* does not know Chicago people, no recommendations are being submitted by Chicago for exploiting this situation.

BY LIAISON

Honorable John A. McCone
Director
Central Intelligence Agency
Washington, D.C.

Dear Mr. McCone:

A most sensitive source of this Bureau which has furnished reliable information in the past recently received the following information concerning Bernard Louis Koten, who was released from custody by the Soviets on September 28, 1963, following his arrest on August 26, 1963, in Kiev, Russia, on a homosexual charge.

Koten, since his return to the United States, has been telling his friends that he had been "framed" by the Soviets; that he did not know what the charges against him were until he arrived in the United States; and that he had been mistreated in the Soviet Union. Koten said he had been quizzed at great length by the Soviet Secret Police, particularly concerning a notebook in his possession containing the names of his Russian acquaintances. Koten said after each Russian's name in his notebook he had placed a numeral to indicate his size in various articles of wearing apparel since it was his custom when visiting the Soviet Union to present gifts to his various Russian contacts. The Secret Police, however, could not be convinced of the fact that these numerals did not indicate that he was engaged

**RESULTS OF CONTACT BY JACK
KLING, OCTOBER, 1963, WITH
REPRESENTATIVE OF THE POLISH
CONSULATE, CHICAGO**

It will be recalled that recently JACK KLING of Chicago had been given instructions by MORRIS CHILDS, Secretary of the Foreign Affairs Committee, Communist Party, USA (CP, USA) to make contact with STANISLAW TURBANSKI, Consul, Acting Consul General, Polish Consulate, Chicago, prior to that individual's scheduled return to Poland for reassignment. KLING was to attempt to determine from TURBANSKI the identity of the person at the Consulate who was responsible for handling CP affairs.

On October 17, 1963, JACK KLING reported that in connection with the above assignment, he had, in early October, 1963, made contact with an unidentified representative of the Polish Consulate, Chicago. KLING noted that this person had given him no direct response to his inquiry but that he had been told "the person who could give him the information was not at the Consulate now".

On 11/6/63, the Chicago Office, through CG 5824-S*'s legend address at 524 South Fifth Avenue, Des Plaines, Illinois, received a communication dated 11/3/63. This communication, in the form of a picture post card, reflected that CG 5824-S* had arrived safely in London, England, on 11/2/63, had made contact with representatives at the Czech Embassy, London, and would proceed on schedule in continuation of his trip.

On 11/6/63, CG 6653-S advised that she had received two communications from CG 5824-S*, one dated 11/2/63 and the other dated 11/3/63. Both were brief letters in open code, which indicated that CG 5824-S* was in good health and had completed successful arrangements for his Czech visa. The communication dated 11/3/63 further noted that CG 5824-S* was at that time en route to the "airport." While it is not specifically known, it is possible that CG 5824-S* may have departed London in continuation of this Solo Mission a day in advance of that which he had initially scheduled. It should be pointed out here that CG 5824-S* had mentioned prior to departure that if he was successful in securing his Czech visa on 11/2/63, he might then attempt to depart London for Zurich, Switzerland, on 11/3/63. He felt that if he could arrange this, he could arrive in Prague, Czechoslovakia, a day earlier, which would be very advantageous. He noted that there were daily flights, including Sunday, from Zurich into Prague, which was not the situation existing from London to Prague.

The above is for the information of the Bureau.
New York has been previously advised of the above by telephone on 11/7/63.

GEORGE MEANY will head a delegation from the AFL-CIO to Kenya, Africa, for an independence celebration to be held in December, 1963. IRVING BROWN, of the International Confederation of Free Trade Unions, and others will attend. GEORGE MEANY did not wish to participate in this delegation but the United States State Department insisted that he go by reason of the fact that it was the State Department's opinion that the United States delegate should outrank the delegates from other countries.

IRVING POTASH informed NY 694-S* that he had secured the information set forth in this message from VALENTINE GREGORY BURTAN (Bufile 100-262352).

[redacted] throughout this contact was most talkative, friendly, and appeared eager to be of assistance to the FBI. Interviews with NY 694-S* have determined that source does not deem it advisable to discuss instant matter with GUS HALL. It is the opinion of NY 694-S* that HALL would advise source to refrain from further discussions of this matter with the Soviets in view of the arrest of JOHN W. BUTENKO and one Soviet national, and the detention of two other Soviets who were attached to the Soviet Mission to the U.N., on 10/29/63. It is further the source's opinion that HALL would take this stand since HALL would not wish to place the Communist Party in the potentially embarrassing position of having furnished personnel for the Soviet espionage apparatus.

With respect to the matter in question, the NYO feels that the immediate furnishing of the names of individuals who fulfill the prerequisites set forth by ALEKSEY M. KOLOBASHKIN during the meeting on 10/23/63 would be premature and might possibly place NY 694-S* in a compromising light. It is further believed that in the interest of preserving the security of the SOLO operation that any individuals who are recommended be of the highest caliber, reliable, extremely capable and exhibit the utmost in amenability to direction by Bureau Agents.

Several such persons are presently under consideration for utilization. However, further research regarding those individuals is necessary before any decision concerning the suitability of submission of their names to the Soviets is made. In relation to the foregoing, no action will be taken regarding utilization of such individuals by the NYO without prior consultation with the Bureau. **INFORMATION REGARDING CONTEMPLATED
PAYMENT BY GUS HALL OF \$2,000 TO
PEGGY DENNIS, SAN FRANCISCO**

It will be recalled that during November, 1962, a representative of the Central Committee, Communist Party, Soviet Union (CPSU), in the course of discussions held in Moscow, USSR, with a representative of the CPUSA, had advised that the CPSU would reimburse the CPUSA up to \$2,000 for money given to PEGGY DENNIS. This money which the Soviets would reimburse the CPUSA for was to be used by PEGGY DENNIS to cover the education cost for her son, EUGENE DENNIS, Jr., who was then a student at the University of Wisconsin.

As of late 1962, the money authorized by the Soviets to be paid to PEGGY DENNIS by the CPUSA had not been transmitted to her. As a result, during a contact with GUS HALL, General Secretary, CPUSA, on October 28, 1963, HALL was advised that such payments should be made in order to prevent any unnecessary complication, particularly criticism from the Soviets.

While HALL noted he was a little upset with EUGENE DENNIS, Jr., for his lack of Party activity and also for his failure to show up at a recent Party youth meeting in Chicago, he agreed that the payment had to be made. HALL then advised that he would be in the San Francisco area some time during November, 1963, and would make contact with PEGGY DENNIS and turn over to her the \$2,000. The money he would provide to her he planned to pick up in New York City and it would be taken from CPUSA reserve funds.

Subsequently on October 29, 1963, it was learned that MORRIS CHILDS of Chicago had been in telephonic contact with PEGGY DENNIS, San Francisco, on that same date. During his conversation with her, he advised her that HALL would be in the area around the middle of November and that he would have something for her. Instructions were given her at this time to be satisfied with what she received, make no complaints and not raise any issues with HALL. The admonitions which CHILDS gave to DENNIS were described by him as being important because HALL had expressed dissatisfaction with the recent lack of activity on the part of her son, EUGENE DENNIS, Jr.

**INFORMATION CONCERNING CONTACT OF
ISADORE WOFPSY AT CZECHOSLOVAK AND
SOVIET EMBASSIES, WASHINGTON, D.C.,
NOVEMBER 1, 1963**

Based on instructions received from JACK CHILDS, ISADORE WOFPSY of New York City departed during the a.m. of November 1, 1963, by train for Washington, D. C. for the specific purpose of making contact with representatives at the Soviet and Czech Embassies for visas on behalf of Communist Party (CP) representatives who would be traveling abroad in the very near future. The individuals concerning whom WOFPSY was to make visa arrangements were MORRIS CHILDS and MAX and BELLA WEINSTEIN, husband and wife. In connection with the WEINSTEINS, WOFPSY was to turn their United States passports in at the Soviet Embassy for visas. When these visas had been prepared and placed in the passports of the WEINSTEINS, WOFPSY was to pick them up and bring them back to JACK CHILDS in New York City. In addition, WOFPSY was to proceed to the Czech Embassy for the purpose of advising them of pending travel of MORRIS CHILDS and to request Embassy officials to issue instructions to have a visa available for that individual in the name of HAROLD M. JULES at the Czech Embassy, London, England, on November 2, 1963.

During the late p.m. of November 1, 1963, WOFPSY was in contact with JACK CHILDS in New York City at which time he advised that he had successfully carried out his total assignment and that he had the passports with visas inserted for travel to the U.S.S.R. for the WEINSTEINS, in his possession. WOFPSY then noted the following concerning his contacts in Washington, D. C.

In Washington, he had encountered no problem whatsoever in completing the arrangements he sought. He went to the Soviet Embassy where he was in contact with GEORGEI M. KORNIENKO, Counselor, and this individual was prepared to handle the visa request for the WEINSTEINS as he had previously received instructions on this matter.

WOF SY also showed to KORN IEN KO a slip of paper on which he had written the name under which MORRIS CHILDS contemplated traveling abroad and with an additional notation regarding the desirability of a Czech visa. On seeing this, a call was placed by the Soviet Embassy to the Czech Embassy and WOF SY thereafter was given instructions to go to that latter location. He was also told that upon his return to the Soviet Embassy the passports for the WEINSTEINs, with the necessary visas, would be ready to be picked up. Also at this time, the Soviet Embassy placed a call to Prague to have a visa available for CHILDS in the name of JULES in that city.

Thereafter, WOF SY proceeded to the Czech Embassy where he stated he was immediately taken care of and had spoken to a person he identified as a "general manager" - an individual probably identical with KAREL DUDA, Czech Ambassador to the United States, who is a personal friend of MORRIS CHILDS. The Czechs were requested to have someone available at the London Embassy on November 2, 1963, as CHILDS would be present there on that date and be requesting a visa to Prague in the name of JULES. It was agreed to at the Czech Embassy that this would be done and they advised that a cable or phone call would be made to both Prague and London to have such a visa available and to have someone on hand at the Embassy on November 2, 1963.

After the contact with the Czech representatives, WOF SY returned to the Soviet Embassy and as promised, the visas for the WEINSTEINs were ready and had been placed in the WEINSTEINs' United States passports. The passports were then returned to WOF SY and he carried them back to New York City on that same date.

Early the next morning, Saturday, November 2, 1963, WOF SY turned over the above passports for the WEINSTEINs to JACK CHILDS in New York City and this individual in turn dispatched them to the WEINSTEINs in Chicago.

SUBJECT: SOLO

DATE: November 7, 1963

Re Chicago letter dated 11/5/63, captioned as above, which contains an accounting of receipts and disbursements from Solo and Communist Party, USA (CPUSA), reserve funds.

Page 2 of above referenced letter sets forth the following entry under the date October 23, 1963:

"to Adler and Projansky for eight per cent interest bearing note in a real estate and home building venture, to be repaid October, 1964 (investment for benefit of CPUSA) \$7,500.00"

In order that the Bureau may be fully apprised of all details regarding the above entry, the following background is being set forth.

During contact with GUS HALL, General Secretary, CPUSA, on Monday, October 14, 1963, at Cleveland, Ohio, HALL had in some very strong terms emphasized the immediate need for the investment of idle Party funds and noted that when in Chicago on or about October 24, 1963, he expected to be informed of some positive results. He again repeated that he had given CG 5824-S* the authority to invest Party moneys, to put them to work, and that the matter of handling the details of such investments was being left solely up to CG 5824-S*. In view of the pressure placed on him by HALL, CG 5824-S* felt that it was now absolutely imperative that he move immediately in order not to jeopardize HALL's confidence in him. Thus, upon his return to Chicago on October 15, 1963, he commenced immediately to seek something of a limited nature, yet something basically substantial, which could be presented to HALL as proof that he was carrying out his instructions relative to investment of Party funds and was putting such Party funds to work and earning some financial return on them.

CG 134-46 Sub F

Previously CG 5824-S* had requested Bureau authority and the Bureau had authorized by letter dated October 18, 1963, under instant caption, his investing of CPUSA reserve funds through various individuals in government bonds and other interest bearing accounts. CG 5824-S* would have preferred to have followed this course of action, but prior to such investment he had to locate some responsible individuals, controlled by the Party, to make such an investment for him. Since time was now of the essence, CG 5824-S* had to take some immediate step to prove results and, therefore, did not have time to make the necessary contacts to line up individuals to make the specifically approved type of investment.

Therefore, when on October 21, 1963, CG 5824-S* learned of a housing development project being undertaken by the Chicago firm of Adler-Projansky Realty and Insurance, Incorporated, 2927 West Touhy, Chicago, Illinois, and that they were offering eight per cent interest on investments covered by one-year promissory notes, each note scheduled to expire October, 1964, he felt this was an opportunity to invest a limited amount of Party funds and to show some positive return on the investment. The money he invested was placed with the firm as his own private funds, but the executed promissory note by Adler-Projansky for the amount of \$7,500 has been placed in a safe deposit box in which he maintains other Party funds.

CG 5824-S* then advised that he received the invitation to invest in the Adler-Projansky firm solely on the basis of family connections and that it was made as a personal offer to him. The family connection in this regard is that CG 5824-S*'s wife, CG 6653-S, is an aunt of one of the firm's members. However, CG 5824-S* wanted it clearly pointed out that it was not a desire of his to aid such relative that caused him to choose this specific investment and nothing of this nature was involved in the transaction. The fact of the matter, according to CG 5824-S*, is that he was given the courtesy of investing because as it finally developed, a greater amount of money was offered to the Adler-Projansky firm for investment at eight per cent than the firm actually had desired to commit itself to.

CG 134-46 Sub F

Therefore, some of the offers of eight per cent loans to it had to be denied by the firm.

In conclusion, CG 5824-33 noted that in the future he hoped to be able to avoid any dealings whatsoever which might tie into family relationships. He felt it was undesirable, but in this specific case there was an emergency need to show positive results and, therefore, he had proceeded as noted above.

The above is set forth for the Bureau's information.

Reurlet 11/5/63.

Relet discloses that on 10/31/63, CG 5324-S* transferred \$70,000 maintained in cash in a safe-deposit box in the Mid-American National Bank to the safe-deposit facilities of the Chicago Office. This was necessitated by the fact that funds in the Mid-American National Bank are maintained in a box rented by informant under his Solo cover name, and in the event of the publicized death of the informant while on his current Solo mission, the funds in the Mid-American National Bank would be frozen by inheritance tax authorities.

The Bureau appreciates the necessity which prompted your office to take into custody the \$70,000 of Solo funds which had been maintained at Mid-American National Bank. However, it is believed that for your office to assume custody of Solo funds is not the most desirable course of action to take in the future since it is conceivable that such action may at a future date be the source of embarrassment to the Bureau.

In view of the above, you are instructed that at the earliest practical time after the return of CG 5324-S* from the current Solo mission your office discuss with him some alternative means of handling this problem in the future. Submit to the Bureau the results of your discussion with informant, including the observations of your office and any recommendations as to the future handling of such a matter.

CG 134-46 Sub F

Pursuant to Bureau instructions, the Chicago Office, where consistent with security, has and will continue to trace disbursement of Solo Funds and/or CP, USA Reserve Funds.

On October 31, 1963, the \$70,000 maintained in cash in a safe deposit box in the Mid-America National Bank, Chicago, Illinois, was removed by CG 5824-S* for transfer to the safe deposit facilities of the Chicago Office. This was necessitated by the fact that, as the Bureau is aware, the funds in the Mid-America National Bank are maintained in a box rented by CG 5824-S* using his Solo cover name. Since CG 5824-S* was departing on the 14th Solo Mission on November 1, 1963, utilizing this cover name, it was deemed advisable to remove these funds from the Mid-America box so that in the event of the publicized death of this informant under his cover name, such as in an air crash in which case the manifest would probably be published, these funds would not be frozen in a sealed safe deposit box by the inheritance tax authorities.

At the present time, \$46,683.90 remains in the Michigan Avenue National Bank safe deposit box maintained by the informant under his true name. In view of the fact the informant is traveling under his cover name, the event of his sudden death would not jeopardize control of this money. Chicago realizes that Bureau instructions are to the effect that CG 5824-S* should maintain no more than \$5,000 as a current operating fund in the Michigan Avenue National Bank box. Upon his return, CG 5824-S* will return the \$70,000 to the Mid-America safe deposit box and will also transfer from the Michigan Avenue box the excess over \$5,000 as instructed by the Bureau, provided there is sufficient room in the Mid-America box to accommodate the additional money. It is noted that CG 5824-S* has rented the largest available safe deposit box at the Mid-America National Bank and he has advised in the past that this box is quite full when the \$70,000 is contained therein. It may be necessary for CG 5824-S* to rent an additional box at that location to accommodate the additional money.

AMERICAN PEOPLE WANT TO LIVE IN PEACE

by Joseph North,
American journalist.

"Appetite comes with eating." The truth of this saying has been again demonstrated in the attitude of the American people toward the Moscow Treaty on ban of nuclear testing. They had a taste of it and found it good. They want more of the same. This was clearly shown during President Kennedy's recent trip through the Western states. Any mention of the treaty in his speeches was greeted by enthusiastic applause by the usually reserved Westerners.

It would be appropriate to mention that the people in the West are closer to the sites of nuclear tests than the people in other parts of the U. S. and they are seriously concerned about the dangerous amount of strontium-90 in their children's milk. Generally speaking, there is a far deeper desire for peace among the American people than newspaper headlines or some political speeches would lead us to believe.

There are appreciable changes in people's attitude in the U. S. which the author noticed after being out of the country for two years. There is a relaxation of tensions induced by the fear of war and more optimism with regard to the future. The author believes that this change is due to the unswerving struggle of the Soviet Union for a policy of peaceful coexistence of countries with different social systems. Moreover, having looked into a dreadful abyss of a possible nuclear war during the Cuban crisis a year ago, American people state, in an overwhelming majority, that they will approve any agreement leading to peace.

American scientists, who realize better than anyone else the disaster of atomic conflagration, immediately welcomed the Moscow Treaty. Walter Reuther, Vice President of the AFL-CIO, undoubtedly expressed the feelings of the American people when he said that the Moscow Treaty is only a first step which should lead to further understanding between the two peoples.

"Poisonous miasma artificially created by atom maniacs cannot conceal the true situation," says the author. "As the pernicious threat of McCarthyism born of war policy recedes, the truth and progress gain." This can be clearly discerned among the young people of America who no longer worship "beatnik philosophy," and their lack of faith in the future is yielding place to optimism. This is demonstrated in the warm support of the struggle of the Negro people for equal rights. The changing political climate makes it increasingly difficult to resort to McCarthyism for a suppression of the just and difficult fight of the Negro people and the growing number of their white supporters.

The air is becoming clearer and new vistas are opening. Now such problems as the unemployment, automation, rising cost of living, shortcomings of the educational system, and the most important one, the problem of complete equality of the Negro people, may be discussed with greater clarity.

The attitude of the American people toward the Soviet Union and its people is improving and there is a growing hope that obstacles in the way of development of broad economic relations between the two countries will be removed. Interest in this is shown not only by American farmers and industrialists who need a market for their products but likewise by people who fear the unemployment and also want the increase of trade which will bring them more work.

A relaxation of tensions, felt most of all in the field of cultural relations, is likewise extended to more serious matters, such as growing respect for Soviet technology, medicine, educational system and housing program. It is reflected in a dedication of an entire issue of the "Life" magazine to the Soviet Union. A general spirit of comments in this issue shows greater objectivity toward Soviet reality. "Life" speaks of a "dialogue" between the two peoples which would "shed a bright light upon basic problems dividing us." Whatever the motives prompting the magazine, the above statement reflects the views of many.

"They want a dialogue between the people inhabiting the same planet," says the author. "They are not so much interested in finding out 'what divides us,' as in understanding 'what unites us'; 'what can make us friends.' But the dialog is being engaged in to a substantial degree already and it has led to certain conclusions.

"One of the principal conclusions is that our peoples can live upon the same planet in peace with one another. To confirm this conclusion by practical deeds is today's historical task."

On 11/12/63, there was received at the Chicago Office through a confidential post office box in the name of NORMA HANSEL a communication from CG 5824-S*, which was postmarked at Prague, Czechoslovakia, 11/6/63. This communication was dated 11/5/63 and contained the following information in a partially coded text:

CG 5824-S* requested that an enclosed newspaper clipping be furnished to NY 694-S*, stated he was feeling fine and was going to leave Prague on that date, 11/5/63, en route to Moscow. He commented that the weather in Prague was not good with a large amount of smog (which may have indicated he had been delayed in his flight to Moscow due to bad weather). CG 5824-S* noted he had seen NORMAN FREED (Communist Party of Canada representative of "The World Marxist Review"), who had recently sent some letters to NY 694-S* concerning BEATRICE SISKIND JOHNSON. He wrote, "That is a problem. I suppose someone will have to go to see her." Since prior to his departure CG 5824-S* was aware of NY 694-S*'s overtures in this regard to GUS HALL and HALL's negative reaction thereto, the exact significance of this comment by CG 5824-S* is unknown.

Enclosed herewith for the Bureau and New York is one copy each of the clipping enclosed with the above communication upon which CG 5824-S* noted that it is from the 11/3/63 issue of "Pravda." (The original is enclosed for New York and a Xerox copy for the Bureau.) The Bureau is

ReNYairtel, 10/22/63, concerning a letter from BEATRICE JOHNSON dated 10/4/63, with respect to her activities in Cuba.

NY 694-S* advised SAS ALEXANDER C. BURLINSON and [redacted] on 11/13/63 that he had received through a New York mail drop a letter from BEATRICE JOHNSON, "The Worker" correspondent in Havana, Cuba, and the person designated by the CPUSA to serve as liaison with the CP of Cuba. This letter had been transmitted by JOHNSON through NORMAN FREED, Canada representative to the World Marxist Review at Prague, Czechoslovakia, and LESLIE MORRIS, General Secretary of the CP of Canada. A typewritten transcript of the letter is enclosed for the Bureau; a photostat is enclosed for Chicago.

The "BILL" and "BERT" set forth in the salutation of the letter refer to NY 694-S* and NORMAN FREED, respectively. "BELLA," the writer of the letter, is BEATRICE JOHNSON.

NY 694-S* advised that the "WILLIAMS" mentioned in Paragraph 6, Line 1, of this letter refers to ROBERT WILLIAMS,

an American Negro now in China.

NY 694-S* assumes that the word "RANK" set forth in line 2 of the post-postscript refers to FIDEL CASTRO or some other high-ranking official in Cuba.

"CHARLES PORTER, Oregon," possibly refers to former Congressman CHARLES O. PORTER of Oregon. Bureau attention is invited to New York letter dated 3/18/59, captioned "Cuban Revolutionary Activities, FPM - CUBA," page 2, paragraph 2, of which states that Congressman PORTER has been causing much trouble in Cuba, as he has made many visits there since the overthrow of the Batista government.

NY 694-S* stated that the "MATHEWS" referred to in the post-postscript may refer to HERBERT L. MATTHEWS, the "New York Times" correspondent whose 1957 reports to the "New York Times" were alleged to have aided CASTRO in the latter's efforts to take over the Cuban government.

In view of the hostile relations between the CPUSA and the CP of Cuba, NY 694-S* is considering the feasibility of arranging that a representative of the Canadian CP visit Cuba, ostensibly in behalf of business for the CP of Canada. It is NY 694-S*'s thought that a Canadian CP representative could go to Cuba and not only make contact with BEATRICE JOHNSON in behalf of the CPUSA, but also make contact with Cuban officials from whom he might obtain intelligence information.

Upon GUS HALL's return to New York, NY 694-S* intends discussing the above matter with him in order to convince HALL that this would be the best means of making contact with BEATRICE JOHNSON and obtaining information concerning the current Cuban situation. Providing HALL agrees, it is NY 694-S*'s intention to travel to Canada on the week end of November 23-24, 1963, in order to make the necessary arrangements with LESLIE MORRIS. He will not make such a trip without Bureau approval.

The Bureau will be kept advised.

Oct. 20, 1963

Dear Bill and Bert

Have been here a month and have been entirely on my own. The paper gets stuff sent by cable. I also send twice a week in other ways, but have no idea if anything comes through. I know how badly the information is needed at this time and am sending what I can. Am in a vacuum. No 'Workers', PA, etc., come here. There are a multitude of misconceptions here about us. They think we are doing nothing about Cuba or L.A. I am sure its not so, but can't prove it. Need stuff to feed the press and paper to show. How can I establish myself and help to bring clarity in such a situation.

I have many observations to make, but can't do it this way. It would be a good idea for someone to visit and discuss with me. Am sure much can be done but the means are lacking and the people are hard to get to.

Our Chinese friends are working overcome creating in some spheres confused ideology. In respect to us it runs from hostility, to indifference and even lack of confidence.

When I think of the 20's and 30's and the high regard we enjoyed with our continuous and effective solidarity actions I can scream with frustration.

The only material outside the releases from the press agencies they see here from the USA, is the Militant, the Guardian, (some people) (200 copies by air from Canada) the Labor Monthly. And of course the Peking Review in English.

Have discussed Williams with some people. He is not liked but when Peking sends pictures of him being fatted by Mao it gets front page coverage. Some people ask me why we did not send a message of sympathy during the cyclone? Can't answer - really why not? We are out of the picture.

The situation is tense, the job is enormous here, people are worried about new invasion plots and they hear nothing from us. Things can arrive via Canada and Mexico or Europe. An effort must be made for direct communication and exchange of letters.

The Americans here have rallied splendidly in the emergency. Some good people among them, but lost. Not many doing good professional work here and devoted to Cuba, who have little sympathy for struggle at home, or better said no information.

You see how many problems! Must discuss with someone on spot.

About finances. We did not agree definitely how it will work. At any rate no one is financing me and the money I got on my last stop is running out fast. A dollar for a peso is a bad exchange when a meal costs \$3.00. At the price rate I will need a minimum of \$300 per month as soon as I get an apartment. At present am still at the hotel. When

I get to know the language better I might do some translations to cut the dollar costs. But at present I find myself running about in taxis, contacting typing, translating etc. I must raise all these questions in the hope that sooner or later I will be able to communicate regularly and hear from you about all matters.

Of course I was advised to wait until I hear, but it can't wait. The time is now. I must have information. Send the Workers air mail from Canada, other materials can be sent through the Canadian bookstores. And by all means party statements, discussions and activities. What can I represent otherwise?

Bill, our friends I am sure will all understand my urgent call at this moment.

My very best

Bella

PS - I want to write about the latest on the legal fight, but have no material. Sorry.

PPS- Just heard that Charles Porter, Oregon has spent several weeks here and has had interview with RANK 3 1/2 hour tape. Questions - a U.N. school at Gauntanamo, inspection (not negative here provided Cuba has some privelege in Central American bases, trade. Understand from reliable courses Humphry interested. Mathews is coming - it is believed a N.Y Times correspondent will also be here. Will send more information later.

ReNY airtel to Bureau and Chicago, dated 10/31/63, reflecting that ABRAHAM CHAPMAN (Bufile 100-31617), his wife, ISABELLE, and [redacted] arrived in the United States aboard the "SS FRANCE" on 10/30/63.

On 11/7/63, NY 694-S* furnished the following information to SAS [redacted] and ALEXANDER C. BURLINSON:

On 11/3/63, NY 694-S* conferred with ABE CHAPMAN and the latter's wife, ISABELLE, at the Cornish Arms Hotel, NYC, where CHAPMAN and his family were staying temporarily after arriving in the USA from Czechoslovakia. In the course of their conversation, NY 694-S* was told the following by ABRAHAM CHAPMAN:

LADISLAV KOTZMAN, formerly a member of the International Department, Central Committee, CP of Czechoslovakia (CPCZ) and currently Ambassador Designate to Cuba from Czechoslovakia, as of 10/16/63, had not yet left Czechoslovakia for Cuba since KOTZMAN was then ill and hospitalized. However,

he eventually will go to Cuba as Czechoslovakian Ambassador. KOTZMAN, who had been in charge of that part of the International Department of the Central Committee of CPCZ concerned with the USA, Brazil and Cuba, is being replaced in that position by one "WAGNER" (FNU), who knows Spanish, and had received some training in Cuba.

In the struggle in Czechoslovakia, opposition to ANTONIN NOVOTNY, President of Czechoslovakia and First Secretary of the Central Committee CPCZ, is increasing daily, and the struggle to depose him continues unabated. NOVOTNY continues to suppress opposition newspapers and periodicals in Czechoslovakia and to attempt to silence those writers who are critical of him. His tactics in that regard failed in Slovakia, but he is still attempting to make them effective in the Prague area. In CHAPMAN's opinion, based on information he has received from many important people with whom he has conferred in Czechoslovakia, it may be only a matter of months before NOVOTNY may be deposed.

Upon arrival in London recently, CHAPMAN became aware of the effectiveness of Chinese intelligence. He was contacted by ISRAEL EPSTEIN, an editor of "China Reconstructs" (Bufile 40-16541), who is most active at this time in what might be termed intelligence operations for the CP of China with respect to the ideological dispute between the Chinese and the Soviets. EPSTEIN, after locating CHAPMAN in London, brought the latter to the office of JACK PERRY, Chairman of the London Export Corporation, Limited, 5 Chamber Street, London, West 1. PERRY is a secret member of the British CP and for years has been doing business with the Chinese. (NY 694-S* recalls that PERRY has done business with JACK COWAN, Canadian CP member, closely associated with the Canadian CP Secretariat. COWAN has contacted PERRY on numerous occasions in the past with respect to foreign business deals.)

At PERRY's office, CHAPMAN was introduced by EPSTEIN, who, incidentally, is an old friend of CHAPMAN's and whom CHAPMAN had known in China, to TANG-Ming-chao, Head of the American Department of the Chinese CP, who during the late 1920's and early 1930's, was an Editor of the Chinese Communist newspaper in the United States. TANG-Ming-chao is well

NY 100-134637

informed concerning the American CP, the American people, and the American scene in general. Currently he is in charge of political intelligence insofar as it relates to CPs in English-speaking countries.

During preliminary conversation with TANG-Ming-chao, CHAPMAN learned that PERRY's office, as above described, is headquarters not only for PERRY's operations but also for the London operations of TANG-Ming-chao and EPSTEIN, who works closely with TANG-Ming-chao.

PERRY's business with the Chinese runs into many millions of dollars per year and he is an agent for the Chinese.

b6
b7C

TANG-Ming-chao and EPSTEIN are in close touch with the American scene through two individuals: [redacted], husband of [redacted] and LEO HUBERMAN (Bufile 100-8436), who is Editor of "Monthly Review". These two individuals travel to London repeatedly to contact EPSTEIN and TANG-Ming-chao.

EPSTEIN and TANG-Ming-chao indicated that they are "quite active and busy". They said that the CP of China has prepared 13 articles which will be published in refutation of articles concerning the Soviet-Chinese dispute appearing in the Soviet press.

Of the Americans in China, FRANK COE (Bufile 100-364447) is the "most ardent, most militant, and most anti-CPUSA". COE had written much of the original editorial published in the Chinese press attacking the American CPUSA. He also was instrumental in introducing ROBERT WILLIAMS, the American Negro (Bufile 100-387728), to MAO-Tse-tung.

After the preliminary conversation above-described, TANG-Ming-chao invited CHAPMAN and his wife, ISABELLE, and his [redacted] to go to China where ABE CHAPMAN could work for the CP of China as a writer. TANG-Ming-chao told CHAPMAN that in China CHAPMAN and his family would be honored and treated as important political persons. (CHAPMAN mentioned at this point that he has another [redacted] who is married to a

b6
b7C

NY 100-134637

a Czech citizen and currently residing in London). In inviting CHAPMAN to go to China as a writer TANG-Ming-chao argued that the Soviet Union and the Soviet bloc countries are reverting to capitalism whereas China and parties not subject to the Soviet influence, are not.

CHAPMAN thanked TANG-Ming-chao for his invitation but advised him that he was unable to accept. Upon receiving CHAPMAN's reply, TANG-Ming-chao became obviously cold and aloof and indicated that he was not interested in any further discussion with CHAPMAN. In CHAPMAN's opinion, TANG-Ming-chao's invitation for CHAPMAN and his family to go to China was indicative of the fact that the Chinese CP is in dire need of American CP members who would be willing to assist the Chinese CP.

NY 694-S* stated that before terminating his interview with CHAPMAN, the latter stated that he intended to return to Chicago on 11/11 or 12/63, and that in Chicago he planned to stay, at least temporarily, with [redacted] who resides at [redacted] Chicago, Illinois.

Washington some days ago for the purpose of negotiating with the Soviets regarding subscriptions by the Soviets to "The Worker" for 1964 and for payment for such subscriptions, WEINSTOCK talked to GEORGI KORNIENKO, a counselor at the Soviet Embassy, Washington, D. C. KORNIENKO requested that WEINSTOCK advise the CPUSA that seven visas are available for Negroes whom the Soviets had invited to visit the Soviet Union. KORNIENKO further stated that the Soviets were extremely anxious that the seven Negroes go to the Soviet Union as soon as possible, and that they be "outstanding Negro leaders."

JOHNSON stated that he inquired of JAMES JACKSON, Editor of "The Worker," what the Party was doing with respect to this matter of sending seven Negroes to Moscow and JACKSON replied "not a damn thing." JACKSON further stated that receiving an invitation from "the Uzbek Soviets was like Negroes in the North of the USA receiving an invitation to go South and to pick cotton." JACKSON stated that the invitation should have been to the effect that the Negroes visit Moscow rather than Southern Russia. He suggested that perhaps the Soviets were ashamed of inviting Negroes to Moscow.

JOHNSON stated that in view of the "sensitivity" of this matter, he decided not to discuss it further with JACKSON, or even with BEN DAVIS, to whom this matter also was to be referred. JOHNSON stated that he would await the return to New York of GUS HALL to whom he would leave the final decision with respect to what should be done about sending a Negro delegation to Russia.

JOHNSON further stated that six months ago the invitation would have been accepted and there would have been no repercussions from Negroes. However, he said, today, Negroes, Communist or otherwise, are so sensitive with respect to the racial situation, that a matter such as this can become an extremely important issue. JOHNSON expressed the opinion that very likely no Negro delegation would go to the Soviet Union in view of the nature of the Soviet invitation.

This is to recommend that Legat, London, orally furnish to [redacted] information classified "~~Top Secret~~" which was obtained by NY 694-S* concerning a British citizen who has been described as a secret member of the Communist Party (CP) of Great Britain and one who is working closely with the Chinese communists.

On 11/3/63, NY 694-S* met with Abraham Chapman, Communist Party, USA (CPUSA), member who recently returned to the U.S. from Czechoslovakia where he had been employed for a number of years as a writer by the Czech Academy of Science. From 1956 to 1958 Chapman resided in Communist China and recently wrote a book on the subject of Chinese art. In the course of his conversation with NY 694-S*, Chapman furnished the following information.

While in London, England, en route to the U.S., Chapman met with Israel Epstein, an editor of "China Reconstructs" (English-language Chinese communist propaganda organ). Epstein, who is active in intelligence operations for the Chinese, introduced Chapman to Jack Perry, Chairman, London Export Corporation, Limited. Chapman described Perry as a secret member of the CP of Great Britain and one who for a number of years has been working closely with the Chinese communists. At Perry's office, Chapman met TANG Ming-chao, an official of the CP of China who is in charge of political intelligence insofar as it relates to CP's in English-language countries. During his conversation with TANG, Chapman learned that Perry's office serves as headquarters not only for Perry's operations, but also for the operations of TANG and Epstein. According to Chapman, TANG and Epstein are in close touch with the "American scene" through [redacted] and Leo Huberman, who travel frequently to London.

[redacted] and Huberman are both on the Security Index. [redacted] is a [redacted] who traveled to China between 1959 and 1961, ostensibly with the approval of the CPUSA. Huberman is co-editor of "Monthly Review," an independent socialist magazine, which has been described by the CPUSA as corrupted by the Chinese communists. Chapman's statement concerning the travel of [redacted] and Huberman appears to be somewhat inaccurate since we have received no information indicating

TANG invited Chapman and his family to go to China where Chapman could work for the CP of China as a writer, indicating that Chapman would be honored in China and treated as an important political person. In inviting Chapman to go to China, TANG emphasized that the Soviet Union and Soviet-bloc countries are reverting to capitalism, whereas the CP of China and other fraternal parties not subject to Soviet influence are not. When Chapman declined to accept the invitation, TANG became noticeably cool and aloof. Chapman expressed the opinion that the CP of China is in dire need of CPUSA members who would be willing to assist the CP of China.

RECOMMENDATION:

That the attached letter captioned "Communist Party, USA, International Relations, Internal Security - C" be sent to Legat, London, authorizing him to contact his source at [] and orally advise the source that we have received information to the effect that Jack Perry is involved in some communist activities. The following information was supplied by a source which has furnished reliable information in the past.

Nickolay V. Mostovets, Head of the North and South American Section of the International Department, Communist Party of the Soviet Union, is currently in the United States as a member of a Soviet tourist group. Mostovets recently met with national functionaries of the Communist Party, USA, and made the following comments.

The Soviets at this time are not interested in convening an international conference of all Communist Parties of the world in regard to the Sino-Soviet dispute. However, as a follow-up to the July, 1963, meeting between Soviet and Chinese representatives, there will probably be another such meeting that will take place either at the end of 1963 or in early 1964.

Cuban Premier Fidel Castro does not disagree with the foreign policy of the Soviets, but because of pressure exerted upon him by individuals in his own leadership, who are of "pro-Chinese left thinking," he cannot "act as he would like to act" in this regard.

This is to advise of the briefing CG 5824-S* was given by Gus Hall, General Secretary, Communist Party, USA (CPUSA), prior to informant's departure on 11/1/63 on Solo Mission 14 to the Soviet Union. Hall stated informant's mission would have a twofold purpose, (1) to negotiate for funds for the CPUSA in 1964 and (2) to ascertain the latest developments in the international communist movement. Hall instructed informant to take up the following matters with the Soviets.

Recent Arrest of Soviet Nationals in the U.S.

Soviets should be informed that the recent arrest of Soviet nationals has hurt the CPUSA. Hall feels the Soviets were stupid to get themselves involved. Hall mentioned his wife perhaps had the best answer when she said, "What do you expect, they don't even know the secret of raising wheat or other crops." Hall feels the arrests were the result of a plant by the FBI set up deliberately to embarrass the good relations that have been developing between the U.S. and Russia.

Electronic Devices

Soviets should be asked if they have anything which the CPUSA can use to counteract electronic listening devices. Hall indicated he is convinced that the FBI has an electronic device which enables it to follow another car without being seen. He mentioned that [redacted] CPUSA member from Chicago, is working on means of counteracting listening devices and [redacted] will be utilized to check every Party office and homes of Party leaders.

Comment: In late 1962, Bernard Spindel, a private detective, was utilized by the CPUSA to check Party offices and homes of Party officials for listening devices. We were alerted to this situation by NY 694-S* and took appropriate steps to counteract Spindel's mission. Spindel has allegedly trained [redacted] to perform this function. We are following this matter closely and will take appropriate steps to see that [redacted] does not uncover any of our technical or microphone surveillances.

Funds for the CPUSA

Consideration was given to requesting less funds from the Soviets due to their heavy economic commitments involving the wheat

deals and aid to Cuba. However, this would set a bad precedent and therefore the Soviets are to be asked for the same amount in 1964 that was requested in 1963.

|| Comment: The CPUSA requested one million dollars for 1963, and to date during 1963 has received \$577,600.

CPUSA Program

| Gil Green, CPUSA functionary, is working full time in the preparation of a new Party program. When it is completed it will be taken up with millions in this country. CPUSA members and sympathizers are getting over the fear of repression and in order to continue this trend it is necessary to conduct a tremendous propaganda campaign designed to reach millions. Soviets are to be informed that it was through mass media that the CPUSA has been successful in curbing the ultraright.

CPUSA Membership

| If Soviets bring this matter up, they are to be told that the CPUSA membership is 10,000, and the Party is currently engaged in a recruiting campaign placing emphasis on youth and tying it to the Negro freedom movement.

CPUSA 1964 Political Plans

| The Party will continue its fight against the ultraright. It will not endorse the Kennedy administration but some steps will be taken toward working for Kennedy's re-election. The Party will campaign against the candidacy of Senator Goldwater even before the primaries.

CPUSA Publications

| The Party will establish a new weekly paper in Chicago with the objective of making it a daily paper at a later date. This will cost considerable money, but it is a method of reaching the masses on a large scale and the Soviets should feel the results will be worth it. The Soviets should be requested to provide basic Marxist-Leninist literature in the Spanish language which the Party can use among Spanish-speaking elements in the United States and Latin America.

Anti-Semitism

| The Soviets should be told that the CPUSA is not taking issue with them on this question. However, the CPUSA would like to discuss its position in this matter from a tactical point of view.

Memorandum to Mr. Sullivan
RE: SOLO
100-428091

Negro Matters

The Soviets should be informed that the CPUSA is not the leader of the Negro freedom movement, but is using this movement as a vehicle for spreading socialism. The CPUSA is currently lining up Negroes to be included in a Negro delegation which will soon visit the Soviet Union.

Comment: My memorandum of 10/28/63 pointed out that the Soviets, through the Solo communication apparatus, informed the CPUSA that they would like to have a group of 7 Negro leaders visit the Soviet Union in November, 1963, and would prefer eminent Negro leaders who could speak openly in the Soviet Union as well as after their return to the U.S.

Communist Party of China

While it cannot be proven, it is felt that the Chinese are financially supporting Trotskyite groups in the U.S. This appears evident by virtue of the recent increase in circulation of the organs of these groups. The Soviets should be told not to become alarmed as the CPUSA is fighting these Trotskyite groups and is confident it will defeat them.

Foreign Propaganda Circulated in the U.S.

Soviets should be told that foreign communist literature circulated in the U.S. is a "flop." The Soviets should be requested to make arrangements where all such foreign literature will be sent to one of the CPUSA bookstores, which will arrange for the mailing of this material to a select group of people who will accept it and use it.

"The Worker" Correspondent in Chicago

The CPUSA is not happy with the work of [redacted] and would like to get rid of him. An effort should be made to have the Hungarians accept him as "The Worker" correspondent in Budapest. b6 b7C

ACTION:

Since it is not known what reaction the various requests of the CPUSA will have on the Soviets, it is deemed advisable to await the return of CG 5824-S* from his Solo Mission prior to making any dissemination of this information. It is also felt that dissemination of this information prior to informant's return may jeopardize his security.

On 11/19/63, NY 694-S* advised SA ALEXANDER C. BURLINSON as follows:

On 11/18/63, ARNOLD JOHNSON, CPUSA Public Relations Director, gave to NY 694-S*, for transmittal to BEATRICE JOHNSON, CPUSA liaison with the Cuban CP and "The Worker" correspondent in Cuba, the following:

A memorandum written by ARNOLD JOHNSON, entitled "On Hurricane Disaster Relief to Cuba," reflecting efforts by the CPUSA to furnish relief to Cuba; a sample letter requesting aid for Cuba, prepared by the "Emergency Committee for Disaster Relief to Cuba," successor to the former "Medical Aid to Cuba Committee" (Bufile 105-106555); and a copy of an article appearing in "The Worker" issue of 11/10/63, entitled "Cuba Relief Committee Set Up Here."

Copies of the above-mentioned documents are enclosed herewith for the Bureau and Chicago.

On Hurricane Disaster Relief to Cuba.

Immediately after Hurricane Flora hit Cuba, many Americans began movements for relief.

We proceeded on two levels of work as soon as Cuba announced that it would not accept relief through the American Red Cross. We did this without waiting for word from Cuba as to the reasons for refusing aid through that agency, and without waiting for any direct appeal. When the appeal and explanation came, we immediately phoned various agencies which had already expressed concern.

Our two levels of activity were: 1) to appeal to various organizations which had an interest and urge a degree of co-ordination. Thus, we reached the Fellowship of Reconciliation, the Committee for Non-Violent Action, the Catholic Worker, the War Resisters League, and the American Friends Service Committee. We urged that these and similar organizations co-ordinate their activities through the American Friends Service Committee, (the Quakers), with headquarters in Philadelphia. The leaders of these organizations held several emergency meetings and decided to do the relief work through each organization and co-ordinate their information. Each of these appreciated the telegram appeal from Havana. We urged co-ordination through the American Friends Service Committee be given further consideration without any delay in the work of each organization. Thus, the Fellowship of Reconciliation said they would collect and send their own relief. The Committee for Non-Violent Action were trying to get two doctors and a construction work crew to go to Cuba. We encouraged all such projects. The Quakers indicated that they were taking all steps for relief--and were confident that they could overcome all State Department obstacles and fulfill all requirements.

We communicated with people in various unions and in other parts of the country to organize for relief.

2) The second level of our work was through the "former" "Medical Aid to Cuba Committee." Several emergency meetings were held by those who had been associated with this committee. The telegram appeal was helpful in crystallizing the reorganization of the members of this committee into an "Emergency Committee for Disaster Relief to Cuba."

1 XEROX
DEC 8 1963

100-422011-3352
1

During these meetings, some persons wanted to turn this over to the "Fair Play for Cuba Committee." Our people insisted on a new committee to get the greatest possible aid. The Trotskyites wanted to dump this into "Fair Play" which was now only a skeleton organization and without much appeal.

Our people were successful and this new Committee was established for Disaster Relief with Mrs. Linus Pauling, Carleton Beals and Waldo Frank joining in the appeal. These persons would not do this under the auspices of "Fair Play."

The committee made an immediate appeal and more than 100 cases of antibiotics and powdered milk were quickly sent. They continue to collect and ship medicine and food, and our information is that these shipments have been received in Cuba. The offices of the Committee are at 41 Union Square West, New York City. [redacted] has been helpful in organizing the Committee, as has, also, Dr. Louis Miller, Elizabeth Sutherland, and [redacted] attorney for the Committee. b6 b7C

Originally this Committee had hoped to involve [redacted] the attorney, but this apparently has not worked out, unless he is keeping his involvement a private matter. b6 b7C

The Committee is also conducting public meetings and activities.

Persons in other parts of the country, such as Florence Luscomb in Boston, are helping in the work of the Committee.

Thus our work is through two agency levels--the American Friends Service Committee and this Emergency Committee for Disaster Relief to Cuba.

Dear friend,

We are writing to you for help in alleviating the human suffering caused by Hurricane Flora in Cuba, because you so generously supported the work of the Medical Aid to Cuba Committee in its non-political efforts to assist the people of Cuba in the past.

Little has appeared in the news media to give a comprehensive picture of the untold destruction of life and property despite the Cuban government's mobilization of militia and volunteers to evacuate the threatened areas of Oriente and Camagney provinces. While the storm passed over Haiti in 24 hours - it doubled back around the Sierra Maestra mountains and was trapped by the natural terrain for five days swirling at a rate of 180 miles per hour on the periphery which measured 250 miles across. Almost 30 inches of rain fell, flooding all of the land areas into one vast lake between the three main rivers of the provinces; Rio Cauto, Rio Contramaestre 25 miles away and Rio Bayamo 20 miles further away.

Never in recorded time has the Caribbean cradle of storms kicked up such a holocaust. All of the live stock was washed to sea. Tons of cities were completely destroyed. Forty-five thousand families were left with nothing but tattered clothing on their backs - all of their productive and personal property disappeared. Highways, bridges, culverts, crops and the newly built fishing fleet were 50 to 95% destroyed. This includes sugar, cocoabean, rice paddies, banana (and plantain) cotton and truck garden produce - all gone or left in a condition that will take years to recoup.

We are working to dispatch shipments of medical and relief supplies directly through hospital institutions as we did with medical aid before.

Could you send a sizable contribution from yourself and your friends to us? We must send off over ten thousand dollars of assorted medicinals at once - make your check payable to Louis Miller, M. D. We assure you that every penny will be used for supplies and the entire effort is being handled by volunteer labor as a no cost humanitarian administrative endeavor.

We are confident you will respond without delay.

CUBA RELIEF COMMITTEE SET UP HERE

MRS. LINDA PAULING, Carleton Beals and Walter Frank have initiated an Emergency Committee for Disaster Relief to Cuba, with offices at 41 Union Square West in New York.

The Committee has already purchased more than 100 cases of antibiotics and powdered milk for hurricane victims on the island. The first shipments arrived in Havana last week.

The committee will continue air transport of priority food and medicine, the only items exempt from the embargo on trade with Cuba, while the emergency lasts. The committee has also collected several hundred cases of clothing which it has not yet been licensed to send.

Hurricane Flora cost Cuba more than 1,000 lives, tens of cities and half the island's agricultural crop. Many thousands were left homeless and without professions.

Committee chairman [redacted] a businessman, reported generous contributions to the committee's work from all parts of the country. Besides [redacted] committee officers include Elizabeth Sutherland, editor, who is treasurer, and Dr. Louis Miller, who is medical director.

**CONTACT AND BRIEFING BY GUS HALL,
GENERAL SECRETARY, COMMUNIST PARTY,
USA, LATE OCTOBER-EARLY NOVEMBER,
1963, ON MATTERS RELATING TO
TRAVEL ABROAD**

On October 25, 1963, GUS HALL, General Secretary, Communist Party, USA (CP, USA), was in Chicago and at this time made personal contact with MORRIS CHILDS. During this contact, HALL noted that based on the financial needs of the Party and because of recent developments being referred to in the capitalist press concerning the international communist movement, he felt it was important that CHILDS be in a position to travel to the Soviet Union within a period no longer than one week to ten days from that time. He indicated that during the course of his current stay in Chicago he would spend some time with CHILDS and brief him on matters pertinent to fund negotiations with the Soviets and on other matters which he would like taken up with them. In HALL's opinion, this trip by CHILDS would have a twofold purpose, first, to negotiate for funds for the CP, USA for the year 1964, and secondly, to ascertain the latest situation as it exists in the international communist movement. In this latter regard, he directed that if there was to be a conference or gathering of any nature held on this subject matter during the period of CHILDS' stay abroad, he was to participate therein. (S)

HALL remained in Chicago for the period October 26-28, 1963, and on each of these dates was in contact with CHILDS. In addition, HALL was again in contact with CHILDS in New York City on November 1, 1963. While on all of these various dates he met with CHILDS there was, in fact, no extended period of briefing on matters to be taken up abroad but HALL did utilize these occasions for limited briefing and at these times furnished the following information. (S)

On Funds for the CP, USA, 1964 (S)

Serious consideration had been given to the possibility of requesting less funds from the Soviets than had been

received in 1963, and even to the possibility of requesting no funds from them in 1964. Such consideration was based on the fact that the Soviets currently have economic problems resulting from the wheat deals which it is concluding abroad and because of the aid it is rendering to Cuba. These items have caused a terrific economic drain on the Soviet Union. However, now I am of the opinion that if we do not ask for money, and at least as much as we asked for last year, a bad precedent would be set. Therefore, we should request from the Soviets the same amount in financial aid for 1964 as we did last year, namely, one million dollars. The basis for such request should be the same as was used in making the request for the subsidy in 1963. However, in addition, you might take into consideration some of the following items which can be used to point out the basis for the continuing need of the CP, USA for financial assistance. (X)

On the CP, USA in General (X)

The Party is now getting out of its "box" with our membership and sympathizers getting over the fear of repression because of their beliefs. However, to continue this trend, the use of "The Worker" alone to spread the Party word is not sufficient. If spreading of the word is to be properly done, it is essential to reach tens of thousands and then millions of people and this can be done only through the use of the mass media of communication. The press is only one media for this purpose and, therefore, must be supplemented by mass mailings, radio, television, and other means. It must be emphasized to the Soviets that mass propaganda is an important part of the American way of life and has a definite effect in the United States. For example, you can advise them that it was through mass media that we feel we put our finger in the dike and plugged the reactionary torrents and this has had an effect upon the ultra-right. (X)

On the Negro Question (X)

While we are not the leaders of the Negro, their movement has had something to do with the spreading of socialism and we are using the Negro as the vehicle for this. (X)

On the South (X)

~~SECRET~~

The South is opening up again to the Party and we want to send more people into that area. Already we have **GEORGE MEYERS** and one other person working full time in this area. Yet to expand this activity there is a need for more funds. (X)

On the Party Program (X)

The Party is now engaged in the preparation of a new Party program which is necessary. **GIL GREEN** of Chicago is working full time on this matter now. When the program is drawn up and discussions concerning it are completed with the left, it will be taken up with the millions in this country. (X)

In connection with our Party's new program, efforts should be made abroad to acquire from all possible Parties copies of their respective Party programs. This material can be used for study purposes in connection with our own program. (X)

On Foreign Socialist Material Circulated in the United States (X)

The matter of foreign literature currently circulated in the United States should be taken up with the Central Committee, CP of the Soviet Union (CPSU) and with the Central Committees of other important Parties. It should be pointed out to them that all of the literature they are presently circulating in this country is a flop. Publications such as "The New Times" and material from the Embassies is useless and not accepted by the people to whom it is sent. (X)

I have a proposition for these Parties. If they will send such magazines and literature to one of our literature departments or book stores or publishing organizations, preferably World Books, New York City, and if they are willing to spend a little money for postage, we will arrange for our mailing organization to send such material out to a selected list of people who will accept and use this material. In this way, the material sent would not be wasted but instead would be used. The Party here will be the purveyor for this literature for the (X)

~~SECRET~~
Parties abroad. We are willing to help on this if they are willing to go along with us. (X)

On the Youth (X)

There is to be launched a new mass non-Party organization of youth. It will not be a duplicate of the Young Communist League (YCL) and there will be no rigid discipline imposed. Invitations are out for a meeting in December at which time a call will be issued to launch this new mass youth organization and it is contemplated that this organization will be functioning early in 1964. (X)

On a Daily Paper (X)

The Soviets should be advised that we will still establish a daily paper; however, first we feel we must establish three weekly Party papers. Such papers would include the current "The Worker", the "Peoples World" and a new Party weekly which will be set up in Chicago. After achieving this objective, we could then launch the daily paper but such daily paper would not be created out of the present paper in New York because that is not the proper place for it. Instead, we would consider making the new Chicago weekly into the daily paper. (X)

Creation of such weekly paper would be part of the effort to reach the people on a mass scale. We do not squander money and the need for such money is obvious. If they question this and our motive regarding the establishment of such paper, ask them what is the matter, don't they feel the results are worth it. (X)

On Puerto Rico (X)

The Party is, at the present time, working with a number of groups in Puerto Rico including the Party there. Recently I spent two days in discussion with JUAN SANTOS, Secretary of the Party there. After our meetings were over, SANTOS said that they were the best meetings he had had and now was going back to Puerto Rico determined to build the Party there. However, from our discussions it appeared that (X)

~~SECRET~~
the Chinese, through the ROSEN group in the United States, are working overtime to expand their influence there. (S)

We are sending a couple of people to Puerto Rico to look into the situation there and help them. PAT TOOHEY will be among those sent and will continue conferences with the Puerto Ricans. (S)

On CP, USA Membership (S)

If a membership figure is requested by the Soviets, place the figure as between 8,000 and 10,000. If a round figure can be used, advise them that our membership is now 10,000. Also tell them that we are now engaged in a Party building job. We are doing this by placing the emphasis on the youth and tying it to the Negro. (S)

On Spanish Language
Marxist-Leninist Literature (S)

Ask the Central Committee, CPSU, whether the CP, USA, might acquire basic Spanish language Marxist-Leninist literature and pamphlets. Is there some country in Latin America producing this material? Evidently there must be when you consider the number of Parties in this area. The CP, USA needs this material for use among the Spanish speaking elements in New York as well as in Puerto Rico, Haiti, Dominican Republic, and etc. (S)

In this same connection, advise them that the Party's Spanish language publication "La Nueva Voz" (New Voice) which temporarily suspended publication, will start up again in the very near future. (S)

On the CP, USA Political
Plans for 1964 (S)

Emphasize with the Soviets that in 1964, the Party will continue its fight against the ultra-right. Also advise them that we as the CP will not endorse the KENNEDY Administration and will be critical of him. However, some of our people and our sympathizers will work for KENNEDY's re-election and for the defeat of the most reactionary candidates, both Democratic and Republican. In regard to Senator GOLDWATER, (S)

~~SECRET~~
the Party will work against his candidacy even before the primaries. These people working for the defeat of reactionary Senators and Congressmen will consist mostly of our people in mass organizations. (X)

Also tell the Soviets that there may be independent candidates, particularly among the Negroes, concerning whose election we will be working for. (X)

On the Matter of CP, USA Charity (X)

ESHER
FOSTER
This is a matter of substantial financial burden to the Party and involves such people as the widow of WILLIAM Z. FOSTER, [redacted] and PETER BERRY. Then too, the CP, USA assumes a \$2,000 annual subsidy to PEGGY DENNIS, wife of the deceased General Secretary, for assistance in giving young EUGENE DENNIS Jr. a college education. (X) b6 b7c

Frequently new cases also arise. For example, take the recent case involving JACK JOHNSTONE's [redacted] JACK was once one of our leading comrades and a Midwest organizer for the Party. [redacted] was once in the Party but left it. Now he has deserted [redacted] with four or five children and is living with another woman in Chicago. Recently his first wife came to the Party office, she was destitute and I gave her temporary aid. (X) b6 b7c

On the American Institute for Marxist Studies (AIMS) (X) u.c.

At the present time, the Party is in the midst of negotiating for a building to be used as headquarters for AIMS in New York City. The building under consideration is the one owned by the Teachers Union in New York City which is now in the process of disbanding and, therefore, they have put their building up for sale. In order to handle such a transaction, a substantial amount of money is involved for the Party as a down payment. In addition, someone also must be found who would be willing to countersign any loan for such a purchase. (X)

On the Circulation of the Party Press (X)

The best available figures which can be utilized in connection with circulation of Party press are as follows: (X)

On Party Publications

by Gus Hall

Tell the Soviets that a new edition of my pamphlet, "The Cold War" is now in the process of being prepared. The entire first edition of this pamphlet has now been used up. The new edition in preparation will be brought up to date and I will write a foreward for it.

On Printing Equipment

While abroad, check with representatives in the various socialist countries on the possibilities of buying some printing equipment cheaply. In this same connection as an additional argument of the need for funds on behalf of the Party, point out to the Soviets that our present linotype machines utilized by our Party press are old, perhaps up to 40 years of age, and such machines cost \$40,000 to \$50,000. If we are to have an efficient press, we would need at least \$100,000 for linotype machines alone.

On the CP of China (CPC)

In our opinion, the CPC suffered a severe setback in the United States when it came out against the recent atomic test ban.

Today the Chinese are supporting groupings like the ROSENs and the Trotskyists in this country. Such support is clearly indicated by the number of publications which are appearing like "The Hammer and Sickle", "The Eastern Review" and the "Marxist-Leninist Quarterly". While it cannot be proven, it is known that certain groups must be getting financial support from the Chinese. As an obvious example of this, take the recent quota set for Chicago of 1,000 subs to "The Militant". Making such a quota would be an impossibility, yet the paper noted that they had gotten their quota and it was obvious it could have been only through the help of the Chinese.

However, point out to them that while the CPC may be backing such groupings, they should not be worried as we are counteracting them and are confident we will defeat them.

On Cuba

Cubans made a terrible mistake when they rejected our aid after the disastrous hurricane. FIDEL CASTRO was an idiot for refusing the Red Cross aid and as a result perhaps has alienated a number of people in the United States who might have been sympathetic to the Cuban people.

In regard to communication with BEATRICE JOHNSON, "The Worker" representative in Cuba, we will work out something. If necessary, we will go through Czechoslovakia to open communication channels with her and to get the material she needs to her.

On the Question of Anti-Semitism in the United States

In regard to our recent communication on the possibility of a CP, USA representative proceeding to the Soviet Union to talk to responsible individuals on the Jewish question, point out that we are not looking for a fight in this matter. We only want to discuss our end of this matter from a tactical point of view. We do not want to raise it for any other reason and do not want the CPSU to get the wrong idea concerning our request.

On the Matter of a Negro Delegation to the Soviet Union

BEN DAVIS and JAMES JACKSON have been put to work gathering up Negroes for the delegation which has been invited to visit the Soviet Union. This matter has already been discussed in New York and Chicago. The overall responsibility for coordinating this matter has been given to ARNOLD JOHNSON.

On Suggestions Regarding an International Communist Body

Tell the CPSU that while I do not feel there is a need for a Cominform or a Comintern, it might not be too bad an idea to set up some sort of a full time international body, not publicized, which is made up of representatives of

~~SECRET~~

various Parties. This group might meet from time to time and work on ways and means of helping out other Parties. For example, the New Zealand, the Japanese, and Indonesian Parties are in a bad state of affairs and in this way we might be able to swing them away from the Chinese. While I consider the "World Marxist Review" to be important, it is not enough in this regard. However, it might also be strengthened and if it dealt with problems in a more basic way it could help; however, such would not be the type of body I am suggesting. (S)

I suggest also that this group which would make up a body of troubleshooters consist of well known, respectable people of long standing in the international movement like TIM BUCK of Canada. While the people who would make up this group would not interfere in internal affairs of other Parties and would not interfere in Parties following a Marxist-Leninist line, they could, however, work with those Parties in difficulty which would receive delegations and talk to them. (S)

On Electronic Devices (S)

[redacted] of Chicago is a very competent and intelligent person and because he may not have worked out in connection with his youth assignment in Chicago, the Party should not ignore him and consider him a "no good guy". (S)

At this time, [redacted] is engaged in making a detailed and comprehensive study of listening devices and means to counteract them. He went into detail on such devices with me and noted that they have a limited usefulness. In [redacted] opinion, BERNARD SPINDEL was a fake and the way he went about attempting to locate such devices for the Party was no way to do it. [redacted] is now working on this matter and any day now he may go on a tour for the Party. He will check over every office and the homes of the Party leaders. He is working on an electronic device which will counter the listening devices of the enemy. (S)

Also, at my request, [redacted] is now working on a foolproof tape recorder for the use of the Party. (S)

In talking to [redacted] I told him about recent conversations and demonstrations by the Soviets of their (S)

electronic device for hearing through glass. ~~(S)~~ ~~(S)~~

The reason I cite these facts is that the Soviets should be asked if they have anything we can get which would counteract electronic aids and listening devices of the enemy. ~~(S)~~

I raised this matter of electronic devices because I am convinced that the FBI has equipment which enables them to sit in a car and listen and that they are equipped with a gadget that is set up at a certain wave length which enables them to follow another car without being seen. ~~(S)~~

On the Matter of the Gift Stallions
from the CPSU and the Polish
United Workers Party (PUWP) ~~(S)~~

Advise the Central Committees of the CPSU and the PUWP that we are giving their offers concerning the gift stallions consideration. There is a possibility that in the spring of 1964 we will accept one of the stallions, probably the offer of the PUWP. However, under the new tax laws governing such matters, it might be advisable for us not to accept either of these generous offers. ~~(S)~~

On the Recent Arrest of Soviet
Espionage Agents in New York City ~~(S)~~

Tell the Soviets that the arrests of Soviet nationals in New York have a very negative effect on the Party and have hurt us. They also have a very negative political effect upon us. ~~(S)~~

How can the Soviets be so "stupid" and get themselves involved like this at this time. I made this remark to my wife and perhaps she had the best answer - she said, "What do you expect, they don't even know the secret of raising wheat or other crops". ~~(S)~~

In my opinion, these arrests resulted from a plant by the FBI and ultra-right which was set up to embarrass the good relations that might be developing between the United States and the Soviet Union. ~~(S)~~ ~~(S)~~

On [redacted] "The Worker"
Correspondent in Chicago

The Chicago district is not happy with the work of [redacted] and would like to get rid of him. If there is an opportunity while abroad, take up possible ways and means of getting [redacted] out of Chicago. Perhaps it could be arranged with the Hungarians that they might accept him as "The Worker" correspondent in Budapest.

On the Matter of [redacted]
Attending the Brecht School
of Dramatics, GDR

If possible, attempt to see a representative of the Socialist Unity Party of Germany (SED) and made inquiry again regarding HYMAN LUMER [redacted] attending the Brecht School of Dramatics. They have previously rejected him on the basis that he did not know the German language but he has now taken a course in German and has become quite fluent.

On HENRY WINSTON

Advise HENRY WINSTON that he is to stay in the Soviet Union only until his attorneys here ask him to come back for pre-trial hearings in connection with his civil suit against the government. It is, therefore, possible he may be coming back sooner than expected.

In connection with WINNY's request that someone meet and talk to [redacted] IRVING POTASH has agreed to do this but has not yet been able to arrange such a meeting with her.

CLAUDE LIGHTFOOT in Chicago has been incontact with WINNY's mother and sister in Kansas City and he has arranged for the brother who resided in Chicago to return to Kansas City with them.

In talking to the Soviets, find out what happened regarding their plans to send WINSTON to North Viet Nam.

Re NYairtel 11/14/63 concerning the recent request by Kolobashkin that NY 694-S* furnish him the names and addresses of 3 reliable white male Americans in the 20-30 year age bracket, progressive, but not associated with the Communist Party (CP). Kolobashkin stated the Russians had in mind that these individuals "work with us." Reference is also made to the telephone conversation on 11/19/63 between Assistant Special Agent in Charge Donald E. Roney of the New York Office and Mr. Fred J. Baumgardner of the Bureau.

The Bureau has given careful consideration to the feasibility of NY 694-S* recruiting for or referring to the Soviets individuals for possible intelligence assignments. The potential advantages of our control of such an operation are many; however, any implementation of such an operation must insure the continued security of our highly placed informants NY 694-S* and CG 5824-S*.

It is proposed that you consider the use of "cut outs" or intermediaries to "recruit" individuals for referral to the Soviets by NY 694-S*. The use of a "cut out," if feasible, would serve as a buffer between the informant and the Russians in the event the "recruits" were compromised. The intermediaries considered for use should be experienced and trusted confidants of NY 694-S* such as Irving Potash, Elizabeth Gurley Flynn, James Jackson, Lem Harris, Isadore

Wofsy, Arnold Johnson, Isidore Needleman or Lena Scherer. All these individuals have been associated with informant for a number of years and undoubtedly all suspect he has some "special" relationship with the Soviets. Also, it is possible [redacted] who has been in contact with the informant, could, under certain circumstances, be considered for use as an intermediary. In addition, CG 5824-S*, who has a greater sphere of open contact with trusted Party members and officials, possibly could recommend or make use of one of his Party acquaintances as an intermediary in this operation. b7D

To institute such an operation, the prospective "recruit" would be briefed and directed to make contact with the intermediary selected by you after consulting with the informant. Although the "recruit" should only have knowledge that it is in the Bureau's interest that he make this contact, it will be important that he convey the desired impression to the intermediary. For example, the "recruit" could bring himself to the attention of a selected intermediary as a possible source of funds or as a person to be considered in connection with the Party's current interest in business investments. Or, he could contact one of the intermediaries active in the Party organizationally as a progressive who wants to help but who, for logical reasons, could not be directly affiliated with the Party. After the "recruit" has made sufficient contact with the intermediary, NY 694-S* would be directed to make suitable inquiry of the intermediary seeking the identity of a person who happened to have many of the qualifications offered by the "recruit." With good planning NY 694-S* would be in a position to refer our "recruit" to the Soviets without directly involving himself.

Letter to New York
RE: ALEKSEY M. KOLOBASHKIN

SOLO
105-78927
100-428091

A second procedure you may desire to consider would be to have our "recruit" take some action which would logically enable him to come to the attention of NY 694-S*. He could direct a letter to the "National Guardian" or even to a legitimate newspaper espousing an extremely progressive line and, thereafter, the informant could contact one of the intermediaries to have the latter make inquiries regarding the "recruit" or to interview the "recruit" to determine his "reliability." In this manner the intermediary would do the investigation and make the recommendation, thus protecting NY 694-S*. The recruit could be logically called to the attention of NY 694-S* in many imaginative ways. Even an advertisement in the "National Guardian" by our recruit seeking a roommate or offering an item for sale would be enough to give NY 694-S* a pretext to logically request an intermediary to make further inquiries.

You should also consider the desirability of having NY 694-S* solicit from one of his "intermediary" associates at least one legitimate recruit. If such a person were to be referred to him and he were to pass the identity of this individual to the Soviets, we would have the advantage of the knowledge of a potential intelligence agent. We would then be in a position to control what name or names of legitimate recruits are passed to the Soviets and such action possibly would "pave the way" for the future referral of our "selected" recruit.

and who might be placed in contact with the Soviets through NY 694-S*. The Bureau feels you should definitely consider [redacted] in this regard but there are apparent weaknesses that would preclude the use of [redacted] at this time. Intensify your plans in regard to the former, but unless you have a specific reason, you should not consider [redacted] further at this time. b7D

The Bureau considers this operation of the utmost importance and every step must be carefully planned and Bureau approval obtained before any action is taken. You should arrange conferences among personnel experienced in the security and espionage fields to obtain the benefit of their suggestions and observations. At the earliest possible date you should submit your observations to the Bureau together with your recommendations for implementing this operation.

NOTE:

This matter has been discussed by Inspector Donald E. Moore and Section Chiefs William Branigan and F. J. Baumgardner and it has been agreed the above general procedure should be considered at this time. Upon receipt of the recommendations of the New York Office, a specific course of action will be proposed and submitted for approval.

It was most apparent that [redacted] knew well what the Agents had in mind: namely, having him volunteer information concerning his past. [redacted] appeared quite pensive and he was told that the FBI is only interested in the truth and that he should give serious thought to contacts he had in the past who might possibly now place him in contact with the Soviets. [redacted] said he could think of no one he has known, however, he will try again to think of someone.

b7D

The interview was then concluded on a most friendly basis and [redacted] agreed to meet with the Agents again.

b7D

Evaluation

ReBulet mentions that [redacted] has not furnished much more information than he provided when approached in 1959.

It is desired to call to the Bureau's attention the type of approach that was made to [redacted] as a result of a thorough discussion between the Agents and supervisory officials of this office prior to the time of the original interview. Realizing the importance of developing this individual as an informant, it was decided that the best approach would be to inform him that we were aware of much of his previous activity, and the purpose in making the contact was to determine if he were willing to cooperate with his government. This approach was decided upon as a result of our previous experiences with [redacted] At that time, and as a result of a direct approach concerning his background, we got nowhere.

b7D

~~TOP SECRET~~

b7D

[REDACTED]

The new approach has been most successful insofar as he has clearly indicated a desire to cooperate with the FBI and, further, we have been able to obtain the impression, at least, that he is very much anti-Soviet at this time. We have deliberately avoided asking direct questions on his background as previous experience has shown us that this obviously is the sore spot in his life. Nevertheless, it is planned that during future interviews, his background will be brought up but in a very discreet manner. We feel that it is more important to develop this man's confidence at this time rather than force the issue on his background and possibly lose his cooperation. Therefore, it is believed that [REDACTED] failure to furnish this background information up to this point should in no way be construed as a lack of cooperation on his part or any anti-FBI or U.S. Government attitude.

We feel that in dealing with a man of [REDACTED] type we must progress slowly and the interviews must be handled in a most diplomatic manner. This is particularly true since the nature of the assignment contemplated for him by us is of such a nature that there can be no question of his reliability. b7D

The NYO feels that excellent progress has been made thus far and we are very optimistic in [REDACTED] potential in becoming a valuable informant.

CG 5824-S*, who has been in Soviet Russia, is on his way back. He will arrive in Los Angeles at approximately 11:35 p.m. tomorrow night, November 30, 1963. He is arriving in Los Angeles rather than New York presumably on the instructions of the Soviets, who told him during his last trip that he shouldn't each time return directly to New York.

After these nerve-racking and exhaustive trips his health is always in a more precarious condition than it is normally. He generally needs assistance in dictating and presenting his material. In view of this fact, I have authorized SAC Marlin Johnson in Chicago to send to Los Angeles to meet CG 5824-S* the two Agents who handle him regularly in Chicago, Richard Hansen and Walter Boyle. By doing this CG 5824-S* can be much more rapidly briefed and the material prepared and relayed to the Bureau. In particular, we are in a hurry to get any information relating to the reaction of Soviet Russia to the assassination of President Kennedy.

ReNYairtel, 11/7/63, concerning the return to the United States of ABE CHAPMAN and the latter's wife, ISABEL.

On 11/14/63, NY 694-S* furnished the following information to SAS ALEXANDER C. BURLINSON and [REDACTED]

On 11/9/63, NY 694-S* conferred with ABE CHAPMAN, who told him the following:

While in Czechoslovakia, ABE CHAPMAN acquired through purchase a very valuable collection of modern Czech paintings. He is bringing this collection to the United States. Within the past few days, CHAPMAN met with an official of the Guggenheim Museum and discussed the art collection with him. CHAPMAN informed the Guggenheim Museum official that he was interested in showing this collection rather than selling it, and that he was en route to Chicago where he would settle for the time being.

It is CHAPMAN's intention to exhibit his art collection in galleries and to write articles concerning it thereby increasing the value of the collection. This memorandum is to recommend that our liaison representative orally advise the Central Intelligence Agency (CIA) that the Bureau does not wish to consider downgrading or declassifying a "~~Top Secret~~" letter furnished to CIA 9/20/63 in captioned matter.

During Solo Mission 13 in mid-1963, CG 5824-S* was furnished certain information by Laurence Sharkey, General Secretary, Communist Party of Australia (CPA), while visiting in Prague, Czechoslovakia. This information was to the effect that one (first name unknown) Hill, a member of the Political Bureau, CPA, had supported the Chinese position in the Sino-Soviet ideological dispute. As a result, Hill received and accepted an invitation to visit Peking, China. After his arrival in Peking, Hill made public statements in support of the Communist Party of China. Because of his endorsement of the Chinese position, the CPA expelled Hill from the Party. Hill's expulsion subsequently resulted in approximately 50 to 60 other members' leaving the CPA and joining with Hill's faction. The above information was furnished by "~~Top Secret~~" letter to CIA 9/20/63.

By letter 11/15/63 CIA made reference to our letter and enclosed a number of newspaper clippings from Australia dated between June and September, 1963, which contained similar information. CIA noted that the information had appeared in the public press and believed the Bureau would wish to consider downgrading or declassifying our 9/20/63 letter.

COMMENT:

Our letter to CIA revealed that one of our sources had recently learned the above information from an official of the CPA. At the time we disseminated this information, we had no knowledge that it had appeared in the public press. The fact remains, however, that our letter to CIA does reveal a connection between one of our sources and an official of the CPA. To downgrade or declassify our letter would seriously jeopardize CG 5824-S*, one of our most sensitive sources, since CIA could then disseminate the information as coming from a reliable source in the FBI. It is believed that

I thought you would be interested in learning of the indignation expressed by James Jackson, national functionary of the Communist Party, USA (CPUSA), with regard to the Soviets' invitation for a Negro delegation to visit the Soviet Union.

You will recall that in late October, 1963, the Soviets advised the CPUSA that the Soviet Uzbek Society of Friendship and Cultural Relations desires to invite to the Soviet Union in November, 1963, a delegation of seven Negro leaders from the United States for a visit of one month's duration. The Soviets requested the CPUSA to furnish the names of the Negro leaders to be included in this delegation. CG 5824-S*, prior to his departure on a Solo mission to the Soviet Union on 11/1/63, was instructed by Gus Hall, CPUSA General Secretary, to tell the Soviets that CPUSA functionaries James Jackson and Ben Davis are in the process of lining up Negroes to be included in the delegation.

On 11/14/63, Arnold Johnson, CPUSA Public Relations Director, advised NY 694-S* that the Soviet Embassy, Washington, D. C., is holding seven visas for the Negroes the CPUSA is to select to visit the Soviet Union. Johnson indicated that the Soviets are extremely anxious that the Negroes visit the Soviet Union as soon as possible and that they be "outstanding Negro leaders."

Johnson advised he inquired of James Jackson what was being done with respect to this matter and Jackson replied, "not a damn thing." Jackson stated that receiving an invitation from "the Uzbek Soviets" was like Negroes in the North of the United States receiving an invitation to go South and pick cotton." Jackson expressed his indignation that the invitation was for Negroes to visit Southern Russia rather than Moscow. He suggested that perhaps the Soviets were ashamed of inviting Negroes to Moscow.

In view of Jackson's reaction, Johnson decided not to discuss this matter with Ben Davis. Johnson indicated he would await the return to New York of Gus Hall, to whom he would leave the final

decision with respect to what should be done about sending a Negro delegation to the USSR. Johnson expressed the opinion that six months ago the invitation would have been accepted without comment, but today the Negroes, communists or otherwise, are so sensitive with respect to the racial situation that a matter such as this can become an extremely important issue. Johnson indicated that most likely no Negro delegation would go to the Soviet Union in view of the nature of the Soviets' invitation.

OBSERVATIONS:

Jackson's indignation over the nature of the Soviets' invitation is probably due to the fact that the Soviet Republic of Uzbek is located in the extreme southern portion of the USSR. The Uzbeks are people of Turkish origin who have largely abandoned nomadic life for agriculture and town life. The Uzbek Society of Friendship and Cultural Relations, the group inviting a Negro delegation to the USSR, was founded in 1958 by the Society of Uzbek for the purpose of strengthening friendship and cultural cooperation of the people of the USSR with all people of the world, in particular the strengthening of cultural exchanges between the United States and the Uzbek people.

ACTION:

For information. We have previously advised the Attorney General, State and Central Intelligence Agency of the fact that the Soviets, through the CPUSA, desire to have a Negro delegation visit the USSR. The matter of sending a Negro delegation to the USSR will not be resolved until Gus Hall, who is currently touring Party Districts throughout the United States, returns to New York. The date of Hall's return is indefinite; however, it is anticipated he will return on or before 11/23/63. We will continue to follow this matter closely and keep you advised of all pertinent developments.

Re Chicago telephone call to Bureau, 10/1/63,
concerning analyzing materials which have been furnished to
this office by Solo operation during past 10 years and O-1
dated 11/18/63. (O-1 enclosed)

In accordance with approval received from Bureau,
Supervisor CARL N. FREYMAN immediately started the project
of reviewing voluminous material relating to the Solo
operation. This has now been completed; however, it must
now be discussed in detail with CG 5824-S*. As the Bureau
knows, it was not possible to discuss this in detail prior
to the departure of CG 5824-S* and it is anticipated that
we will not be able to discuss this matter with him
immediately upon his return. It is felt that the information
which he will have obtained during this mission must be
obtained first and immediately furnished to the Bureau.
In addition, it is anticipated that he will have to meet with
certain Communist Party officials outside the division to
brief them on his mission.

The Bureau is assured that this project will be
completed just as quickly as we can hold necessary conferences
with CG 5824-S* and, of course, in concert with his health
condition. The Bureau will be kept advised of developments.

Honorable Dean Rusk
The Secretary of State
Washington, D. C.

Dear Mr. Rusk:

The following information was supplied by a source which has furnished reliable information in the past.

Nicholay V. Mostovets, Head of the North and South American Section of the International Department, Communist Party of the Soviet Union, is currently in the United States as a member of a Soviet tourist group. Mostovets recently met with national functionaries of the Communist Party, USA, and made the following comments.

The Soviets at this time are not interested in convening an international conference of all Communist Parties of the world in regard to the Sino-Soviet dispute. However, as a follow-up to the July, 1963, meeting between Soviet and Chinese representatives, there will probably be another such meeting that will take place either at the end of 1963 or in early 1964.

Cuban Premier Fidel Castro does not disagree with the foreign policy of the Soviets, but because of pressure exerted upon him by individuals in his own leadership, who are of "pro-Chinese left thinking," he cannot "act as he would like to act" in this regard.

During the above-mentioned interview, no effort was

On [redacted] SAS BROOKS and MARTIN reinterviewed [redacted] at the Jiffy Coffee Shop, 8 East 49th Street, New York, New York. [redacted] was asked whether he had given thought to previous contacts, to which he replied that he had given it deep and serious consideration. b7D

[redacted] prefaced his remarks with the statement that he had made a great mistake in his life and although he has been unable to determine in his own mind the reason why he became involved, he feels that it is an accomplished fact and he can't alter the facts, regardless of how he tries. He then furnished the following information, partially as a statement and partially through questioning of interviewing agents. b7D

[redacted] stated he was recruited to work for the Soviets in a [redacted] whom he has mentioned in previous interviews. As a result of this, he was contacted by one JACK CHILDS and in [redacted] he secured a passport for the Soviet Union under the name of [redacted]. He originally wanted to get the passport in his own name, but he was told that such was not a proper approach, and that it would have to be obtained through a false name. He could not recall the first name used in the passport. Thereafter, he went from New York to Moscow, where he was set up as a maintenance man for [redacted]. In Moscow, he was immediately placed under a shadow or suspicion because the Russians learned that he had never been a member of the Communist Party. He added that he never did join the CP and has never been associated with the CP officially; however, Russians held the fact that his father was in the Soviet Union over his head.

In Moscow, there were two schools to his knowledge, one for [redacted] and one for training individuals in [redacted]. Since he was already trained in [redacted] he was associated with the [redacted] school. People in this school were mainly Chinese, Germans and other Europeans. He did not come in direct contact with those attending the second school. b7D

In Moscow, he was more or less isolated. He was dispatched by the Soviets out of Moscow to make [redacted] England, France, Czechoslovakia, Austria and Holland. He never acted as [redacted]. When he was sent on a mission, he was usually given an envelope or small package to be delivered

b7D

[redacted]

to his contact in the particular country to which he was sent. He stated he never knew what these packages contained, but, in his estimation, they could have contained money or instructions of some sort.

He stated that very often he doubted the efficiency of the whole operation, as many times he would wait at a designated location in one of the above-mentioned countries only to find that his contact would not keep the appointment. One time, while in London, a [redacted] was broken, so he built a [redacted] as a replacement. When he returned to Moscow, he was [redacted] b7D because the [redacted] could operate on [redacted] only and thus the [redacted] could not be changed to meet the required code setup.

On one occasion, the Soviets sent him on an assignment to [redacted] however, [redacted] somewhere in [redacted] b7D and never did get to [redacted]. He explained that he did not want to go anywhere near [redacted] as the Civil War was then in progress and he feared being captured or arrested by the Franco forces.

[redacted] returned to the United States in [redacted] and arrived in New York City, where he was met by JACK CHILDS. He returned due to fact that the operation in which he was involved had been terminated. b7D

During the interview, [redacted] volunteered the following information concerning the Americans he had met or worked with while he was in the employ of the Russians during the period [redacted]

JACK CHILDS was considered the key man of the operation. CHILDS was originally from Chicago. He was a chauffeur to EARL BROWDER. [redacted] met CHILDS in New York and later met him in Moscow. It was his belief that CHILDS went to the "other school" in Moscow. When [redacted] returned to New York in [redacted] CHILDS met him at the boat and brought him immediately to [redacted] b7D residence in Yonkers, New York. CHILDS was later known as an employee of the [redacted] in Cafe Society Uptown. [redacted] last saw CHILDS approximately eight years ago, when he, [redacted] was trying to [redacted] In this regard, CHILDS helped him in [redacted] but it never proved to be successful. According to [redacted] CHILDS is still in the New York area and he believes that CHILDS is listed in the Queens

[redacted]
Telephone Directory. He added that he does not know what CHILDS's current sympathies or connections are. While in Moscow, [redacted] on at least one occasion met CHILDS's first wife, who at that time was working for the Soviets in Moscow. It is his belief that CHILDS later separated from this wife and was later remarried.

JOHN LNU, a coal miner from Pennsylvania, who was recruited because they wanted a working man rather than an intellectual. (JOHN is believed to be [redacted] Bufile 100-18921.)

MARY LNU, who operated a radio station in Paris, France. He described her as being in her twenties, receding chin, light complexion, who had been hospitalized in the American Hospital in Paris between the period 1933 to 1936, possibly 1935. She had a Midwest accent. Other than meeting her in Paris, he has never seen her again.

MARY LNU, who operated a radio station for the Soviets in Prague, Czechoslovakia. She was short slight build, dark complexion, and in her early twenties. [redacted] stated he last saw MARY LNU in about 1939 while walking in New York City. At that time, she appeared to have put on a great deal of weight, to the extent that he hardly recognized her. b7D

HARRY KUIET was a radio operator for the Soviets and operated aboard ship. The ship on which he was working was sunk during World War II and KUIET was drowned. KUIET was married to AMY SCHECHTNER, who is deceased.

[redacted] reaffirmed his willingness to cooperate with and work with the FBI. He stated that he will continue to review his past in an effort to furnish additional information. He said he would be willing to view photographs of individuals for identification purposes. b7D

[REDACTED] b7D

EVALUATION

b7D

It is to be noted that interviews with [REDACTED] have been necessarily limited to 45 minute duration, which is his allotted lunch break. [REDACTED] appeared to be nervous when he first related his experiences. Later he appeared to be relieved having told his experiences.

b7D

It is felt that [REDACTED] is a mature individual who, with proper guidance and control, coupled with indirect assistance from existing TOPLEV informants, can be advanced and can be of untold value to the Bureau.

Background investigation and information establishing that [REDACTED] can be used without danger of future embarrassment due to instability and unreliability will be submitted under separate letter.

This is to acquaint you with recent comments made by Nickolay V. Mostovets, Head of the North and South American Section of the International Department, Communist Party of the Soviet Union, to officials of the Communist Party, USA (CPUSA). Mostovets, who is currently touring the United States as a member of Soviet tourist group, told the CPUSA officials that the Soviets would not at this time convene a meeting of all Communist Parties of the world, but probably would meet with the Chinese at the end of 1963 or early 1964 in an effort to settle the Sino-Soviet dispute. He also commented that Cuban Premier Fidel Castro supports the foreign policy of the Soviet Union, but because of pressure exerted upon him by "pro-Chinese" individuals in his own leadership, he cannot act as he would like to act.

In the way of background, a Soviet tourist group composed of 18 Soviets arrived in the United States in early November, 1963, for a proposed stay of approximately 21 days. Mostovets is one of the members of this tourist group. In his application for an "unaccredited visitor" visa, Mostovets' occupation is shown as "history teacher."

On 11-26-63, NY 694-S* received the following information from Arnold Johnson, CPUSA Legislative Director.

Four members of a Soviet tourist group, including Mostovets, visited the office of "The Worker," east coast communist newspaper, on 11-21-63, at the invitation of James Jackson, Editor of "The Worker." During the course of their visit, the Soviets met Ben Davis, CPUSA National Secretary, who happened to be present.

On the evening of 11-21-63, following a dinner party at the headquarters of the Soviet Mission to the United Nations, Mostovets visited the apartment of CPUSA Chairman Elizabeth Gurley Flynn and conferred there for about one hour with Flynn and Davis. Davis later reported to several members of the CPUSA National Board that Mostovets during his conference with Flynn and Davis had made the following comments.

RE: SOLO
100-438091

Sino-Soviet Dispute

The Soviets at this time are not interested in convening an international conference of all the Communist Parties of the world regarding the Sino-Soviet dispute. However, as a follow-up to the July, 1963, meeting between Soviet and Chinese representatives, there will probably be another such meeting that will take place either at the end of 1963 or in early 1964.

Fidel Castro

Castro does not disagree with the foreign policy of the Soviets, but because of pressure exerted upon him by individuals in his own leadership, who are of "pro-Chinese left thinking," he cannot "act as he would like to act" in this regard.

OBSERVATION:

New York was alerted by airtel 10-26-63 to the impending visit of a Soviet tourist group and the fact that Mostovets was to be a member of the group.

During the course of Solo Mission 13 in August, 1963, CG 5824-S* had occasion to hold confidential discussions with representatives of the International Department of the Central Committee of the Communist Party of the Soviet Union (CPSU) concerning the sending of Negro delegations to the Soviet Union.

In the way of background, CG 5824-S*, prior to departing on his Solo Mission, was instructed by Gus Hall, General Secretary, Communist Party, USA (CPUSA), to advise the CPSU that the CPUSA is endeavoring to unite the Negro and the working class in the United States by emphasizing such issues as shorter hours, more jobs, and the effects of automation. Hall further instructed CG 5824-S* to determine why the Soviets have not invited a Negro delegation to visit the Soviet Union, especially since the present Negro movement is a "movement that the world has not seen the likes of before."

Pursuant to Hall's request, CG 5824-S* conveyed the above thoughts to officials of the CPSU. The CPSU leaders replied that any Negro delegation, "if decent and good," can be sent to the Soviet Union at any time. However, the CPSU officials noted it would not be advisable to send such a delegation after November, since Moscow, Russia, at that time is extremely cold and the Negroes would probably suffer unbearably from the effects of such weather.

OBSERVATION:

It is believed that the information CG 5824-S* has obtained concerning the Soviets' reaction to having Negro delegation visit the Soviet Union would be of interest to the Attorney General.

ACTION:

That the attached letter, classified "~~Top Secret~~" to protect our source, be sent to the Attorney General and Deputy Attorney General.

Reference is made to telephone call from SAC Simon to the Bureau, 12/4/63, furnishing the highlights of Solo Mission 14 pertaining to the reaction of the Soviets to the assassination of President Kennedy.

In referenced call, it was stated that on 11/26/63 Boris Ponomarev informed CG 5824-S* that the Soviets were preparing to turn over to the United States Government their entire file concerning Lee Harvey Oswald. Informant indicated he was given a general briefing on the contents of this file regarding Oswald for the purpose of communicating this information to the Communist Party, USA. Informant advised that since this file is already in the hands of the United States Government he would not go into any details on this matter.

It is desired that you promptly ascertain from informant all information in his possession concerning the contents of the Soviets' file on Oswald. For your information the file made available by the Soviets appears to be the file of the Soviet Embassy in Washington, D.C. Informant may have been briefed from the Soviet official file in Moscow which may contain data concerning Oswald's activities in Moscow. PONOMAREV, a member of the Secretariat and Head of the International Department of the Central Committee, CPSU, instructed that this document be made available to CG 5824-S* on 11/27/63 through VITALY KORIANOV, his Chief Deputy in the International Department, so that the CPUSA could be informed of its contents in order to "cure the skeptics" in the CPUSA who might have some doubts about the efforts which have been exerted in the past to give every assistance to the Peoples Republic of China and also to emphasize that this effort by the Soviet Union has been going on over a long period. This document bore no date nor was CG 5824-S* advised when this document had been prepared. The original of this document was returned to KORIANOV by CG 5824-S* on the same date.

SOVIET AID TO THE PEOPLES
REPUBLIC OF CHINA

In early December, 1963, a source, who has furnished reliable information in the past, advised as follows:

During November, 1963, it was learned that the Central Committee, Communist Party, Soviet Union (CPSU), maintains a file concerning the differences between the CPSU and the CP of China. Included in this file is a document entitled "Soviet Aid to China," the essence of which is as follows:

The disinterested fraternal aid given by the Soviet Union to China was truly all-embracing. The Soviet Government strived to comply to the utmost with the requests of the Chinese leadership. This resulted in a mighty industry based on modern technology set up in China. In 1959, the Chinese leadership stated, "The fraternal friendship and all-around aid and cooperation between the peoples of China and the Soviet Union serve the fundamental interests of the peoples of both countries," and "The victory of the Chinese revolution and the successes in the building of socialism are part and parcel of the fraternal support and aid on the part of the great peoples of the Soviet Union. The Chinese people are deeply grateful to the Soviet Union for its support and aid."

While helping to establish and strengthen the Chinese socialist state set up national industry and a modern defense industry in China, the Soviet people, loyal to their international duty, conscientiously denied themselves very many prime necessities and experienced serious sacrifices.

SOVIET AID TO THE PEOPLES
REPUBLIC OF CHINA

The volume of economic ties between the USSR and the Peoples Republic of China (PRC) almost doubled in the period 1953-1959, while the volume of Soviet deliveries for Chinese industrial projects grew eightfold. All in all, the Soviet Union lent technical assistance and helped to build 198 modern industrial enterprises in China.

The operating large-scale enterprises erected or modernized with the technical cooperation of the Soviet Union include the Anshan Steel Works, Wuhan Steel Works, Changchun Automobile Plant, the tractor, bearing and mining equipment plants in Loyang, the electrical engineering, turbine and boiler plants in Harbin, the synthetic rubber factory and oil refinery in Lanchow, the nitrate fertilizer plants in Kirin and Taiyun, the shale-processing factories in Fushun, the Heavy Engineering Works in Fulaerhchi, and a number of high capacity power stations, aircraft factories and other specialized plants.

The production capacities of enterprises built with the help of the USSR and put into operation by the beginning of 1961 amounted to the following:

Pig iron	5,700,000 tons
Steel	4,800,000 tons
Rolled stock	4,900,000 tons
Coal extraction	9,300,000 tons
Aluminum	38,000 tons
Sulphuric acid	250,000 tons
Heavy engineering goods	60,000 tons
Mining equipment	20,000 tons

SOVIET AID TO THE PEOPLES

Generators	600,000 kilowatts
Oil refining chemical equipment	40,000 tons
Steam and hydraulic turbines	1,680,000 kilowatts
DT54 tractors	15,000
Lorries	30,000
Metal cutting machine tools	3,700
Heavy metal cutting tools	20,000 tons
Power station boilers	7,000 tons of steam per hour

The aggregate capacity of turbines put into operation at power stations equaled 3,250,000 kilowatts.

In 1960, the share of enterprises built up with the technical assistance of the Soviet Union in total volume of industrial output in China accounted for 30 per cent in pig iron, 39 per cent in steel, 51 per cent in rolled metal, 80 per cent in lorries, 91 per cent in tractors, 30 per cent in synthetic ammonium, 25 per cent in electric power, 55 per cent in steam and hydraulic turbines, 19 per cent in generators, 25 per cent in aluminum, 11 per cent in heavy engineering, etc., of the aggregate production of the PRC.

In 1959, the newspaper "Jen Min Jih Pao" wrote, "These plants played a decisive role in creating the foundations for heavy industry in China's industrialization in the period of the first five-year plan. They not only considerably

boosted the production potential of our industry, which resulted in it starting to put out such goods as it could not manufacture before, but also helped it train a sizeable number of technical personnel. The aid given by the Soviet Union to the economic upbuilding of our country is unprecedented in history, both in quantity and scale."

In the period 1950-1960, 8,500 qualified Soviet specialists were sent to the PRC to render technical aid. In the same period, 1,500 specialists were sent to China to give a helping hand in science, higher education, public health, and other fields. The Soviet Union did this although in dire need of such specialists. About 10,000 Chinese engineers, technicians, skilled specialists and researchers received practical training at Soviet factories, construction sites, design offices and research institutes.

In the course of ten odd years, the Soviet Union handed over to China, actually gratis, some 21,000 sets of scientific and technical documentation, which were the result of tremendous progress in the USSR accumulated for many years. The PRC would not be able to get this documentation costing billions of dollars anywhere. Among the documentations handed over to China were the specifications and drawings for 1,400 large-scale enterprises.

Whole branches of industry - aircraft, automobile and tractor, aluminum, power and heavy engineering, instrument-making, radio, various chemical industries - have been set up in the PRC with the help of the Soviet Union. Big capacities have been put into operation in metallurgy, in power and other industries. The USSR helped China lay the foundations of atomic industry. Of great importance, notably, was the Soviet technical and scientific assistance in nuclear physics research and the erection in 1958 with Soviet aid of China's first experimental atomic reactor and cyclotron. The Soviet Union was supplying China the very first models of unique equipment which even some Soviet enterprises had not as yet received.

The Soviet Union granted the PRC loans adding up to 1,774,000,000 rubles (in new currency) on favorable terms. Because of economic difficulties in China, the Soviet Union deferred debt and interest payments for five years. On its own initiative, the Soviet Union provided China interest-free loans of 500,000 tons of raw sugar valued at 41,600,000 rubles, with 100,000 tons to be returned in 1964 and 1965 each, and 150,000 tons in 1966 and 1967 each. In 1961, also on its own initiative, the Soviet Government proposed providing the PRC with 1,000,000 tons of grain at a time convenient for China. Of this amount, 300,000 tons were shipped in the spring of 1962 at the request of the PRC.

"While the CPSU will call off polemics for 30 days in the hope that the CPC will do the same, by no means are you being asked to do the same. As a fraternal party the CPUSA is free to do what it thinks best. If you feel that you want to continue with articles, statements, and any other form of polemics, just continue to do so. The CPSU will in no way feel bad if you do. Do what you think is best.

"Further, the CPSU will not call for an international conference of CP's in this period - it will call for such a conference in a period when there will be a much 'warmer climate' than there is now. This document was translated from the original with all possible speed. Therefore, it is an 'unofficial translation'.

Regarding the Soviet-Chinese dispute, KOLOBASHKIN remarked, "It's really getting worse with each day". KOLOBASHKIN also said that the personnel of the Soviet Mission to the UN were "horrified" at the Chinese actions following the report of President KENNEDY's assassination.

S. 10/11/63
NY 694-S* asked KOLOBASHKIN whether the arrest in Moscow of "the American Professor", who later was released, had been a mistake. KOLOBASHKIN replied that the arrest had been no mistake, that the Professor was "the genuine article" (a spy), but that, because of its respect for President KENNEDY and in the interest of cultural exchange negotiations, the Soviet Government acted as it did.

Handwritten: 10/11/63
NY 694-S* then transmitted to KOLOBASHKIN, GUS HALL's suggestion that the Soviets contact LEE OSWALD's wife to determine whether OSWALD had had any relations with the Ultra-right, the FBI or JACK RUBY (see NY airtel 11/25/63, captioned, "CPUSA, IS-C; ASSASSINATION OF PRESIDENT, JOHN F. KOLOBASHKIN then inquired whether NY 694-S* could furnish him yet with the names of the "Three young people" who work with the Soviets. NY 694-S* replied that he was proceeding very slowly and cautiously in this matter, since these young people are not to come from the ranks of the party. The informant explained that he must locate such people through party contacts, to whom the real purpose of his interest in these young people was not known. KOLOBASHKIN expressed the desire that NY 694-S* "handle this soon".

Regarding NICOLAI MOSTOVETS, Head of The North and South American Sections of the CCCPSU, who recently was on tour of the USA with a group of Soviets, KOLOBASHKIN stated that he had been MOSTOVETS' guide" while the latter was in NYC and that he took MOSTOVETS to see the Statue of Liberty and Wall Street. MOSTOVETS, he said, sent his best regards to NY 694-S*. MOSTOVETS had expressed to KOLOBASHKIN his disappointment at not having been able to confer with GUS HALL while in NYC. He also described to KOLOBASHKIN his meeting with leading CP functionaries including ELIZABETH GURLEY FLYNN, and BEN DAVIS, when he visited the CPUSA National Office and the "Worker" Office. His talk with FLYNN and DAVIS, MOSTOVETS said, concerned, primarily, the Soviet-Chinese dispute.

INFORMATION CONCERNING A DEBRIEFING

SOVIET UNION OF ALL FORMER SOVIET
EXPERTS AND TECHNICIANS WHO PREVIOUSLY
WORKED IN THE PEOPLE'S REPUBLIC OF CHINA

A source, who has furnished reliable information in the past, during early December, 1963, advised as follows:

During November, 1963, Timur Timofeev, Deputy Director, Institute of World Economy and International Relations, an affiliate of the USSR Academy of Sciences, Moscow, USSR, made the following remarks.

The Communist Party of the Soviet Union (CPSU) is presently engaged in carrying out a program of interviewing all Soviet experts and technicians who had ever worked in the People's Republic of China. The CPSU is debriefing such individuals in order to secure every bit of information possible with the purpose in mind of attempting to determine if there might be a possibility of the establishment today in the People's Republic of China of an opposition to the present leadership.

In this same regard, Timofeev noted that he had learned that the debriefing of the Soviet experts and technicians who had been among the last to leave the People's Republic of China seemed to point out that there was no possibility of reconciliation with the present leadership of the CP of China and the People's Republic of China. In view of this, the CPSU officials emphasized that there must be no illusions or false hopes held out for such reconciliation. The CPSU will, therefore, pursue the tactical line of letting the Chinese yell themselves hoarse and be labelled the splitters.

NORMAN FREED, COMMUNIST PARTY OF CANADA
REPRESENTATIVE TO "WORLD MARXIST REVIEW,"
PRAGUE, CZECHOSLOVAKIA

A source, who has furnished reliable information in the past, in early December, 1963, advised as follows:

Norman Freed, Communist Party (CP) of Canada representative to the "World Marxist Review," Prague, Czechoslovakia, is scheduled to travel, together with a CP of Italy representative to the "World Marxist Review," to the Republic of Indonesia during mid-December, 1963.

Freed and the Italian CP representative have been invited by the CP of Indonesia to come to that country and lecture on the Party situation in their respective countries. The CP of the Soviet Union encouraged the acceptance of this invitation by Freed and the Italian Party representative and felt it would be a valuable opportunity for these individuals to "take a few whacks at the Chinese and straighten out some of those in the Indonesian CP." This was felt to be particularly important since the Indonesian CP has now aligned itself with the CP of China.

Freed and his companion expect to be back in Prague on or before January 1, 1964; however, they may stop off en route to Prague for a brief stay in Ceylon. In this connection, the CP of Ceylon has extended a formal invitation to them for this visit.

Anibal Escalante, former Executive Secretary of the People's Socialist Party of Cuba, also known as the Communist Party of Cuba, continues to reside in exile in Moscow, USSR. According to a high Soviet official, comrades of the Central Committee, Communist Party of the Soviet Union (CPSU), speak of Escalante very sympathetically, but in view of current circumstances and Soviet relations with Cuba, there is little that they can do for him. The CPSU has arranged to bring over from Cuba Escalante's 83 year old father for a visit and have also arranged for his brother Cesar to see him; however, it is being said that Anibal is "dying from dejection."

DISCUSSION BETWEEN L. L. SHARKEY,
GENERAL SECRETARY OF THE COMMUNIST
PARTY OF AUSTRALIA, AND LEADERS OF
THE COMMUNIST PARTY OF CHINA,
JANUARY, 1962

In early December, 1963, a source, who has furnished reliable information in the past, advised as follows:

During November, 1963, it was learned that the Central Committee of the Communist Party of the Soviet Union (CPSU) maintains a file concerning the differences between the CPSU and the Communist Party of China (CPC). Included in this file is a document entitled, "Summary of Talks Between Comrade L. Sharkey and Communist Party of China Leaders, January, 1962," the essence of which is as follows:

Sharkey could not understand the inflexibility of CPC leaders during a talk with them on the way back from the 22nd Congress of the CPSU. This inflexibility concerned the CPSU vis-a-vis Albania, and the world communist movement. When Sharkey suggested that this would have a bad effect upon the world communist movement and other Communist Parties, ~~TENG Hsiao-ping, General Secretary of the CPC, said that a split would not be a bad result. He stated that Karl-Marx split the First International after founding it, Engels started the Second International and Lenin split away from it because of its opportunism, but the sky did not fall on account of this. Lenin was a minority and yet he founded the Third International and put the world communist movement onto the right path.~~

DISCUSSION BETWEEN L. L. SHARKEY,
GENERAL SECRETARY OF THE COMMUNIST
PARTY OF AUSTRALIA, AND LEADERS OF
THE COMMUNIST PARTY OF CHINA,
JANUARY, 1962

Today there are 90 Communist and Workers Parties, but in the opinion of the Chinese leaders, they, including the CPSU, are infected with opportunism and revisionism, and if the world communist movement disintegrates, the sky will not fall on account of that either. TENG stated, "The Communist Party of China has taken a principled stand and no matter what happens, will go its own way."

Sharkey was shocked by the lack of principle and the Chinese cynicism dismayed him. The manner in which they contradicted their own arguments of a year or two before left him gasping.

TENG said that CHOU En-lai left the 22nd Congress not because of work at home, but in protest against the CPSU stand on Albania. In the future, he said, the CPC will not send fraternal delegates to congresses of other Parties and they will not participate in any international meetings of the Communist and Workers Parties.

Sharkey said that in 1960, the CPC had said that the peace movement was worthless and even reactionary and that the CPSU policy of peaceful coexistence will lead to "conciliation with capitalism and opportunism." During a previous talk, TENG had said that the testing of a 50-megaton bomb by the Soviet Union had been "harmful" because it had caused confusion among the peace supporters and had brought a split in the unity of the world communist movement.

When economic relations between the USSR and China were discussed, TENG said that the Chinese were paying for everything down to the last screw, and were paying a higher price than any other country. That is why, he declared, the Chinese are forced to buy wheat in Australia and Canada.

~~TOP SECRET~~

~~TOP SECRET~~

DISCUSSION BETWEEN L. L. SHARKEY,
GENERAL SECRETARY OF THE COMMUNIST
PARTY OF AUSTRALIA, AND LEADERS OF
THE COMMUNIST PARTY OF CHINA,
JANUARY, 1962

When Sharkey wanted to discuss basic problems or problems touched upon at the 22nd Congress, the Chinese swept aside all arguments and declared, "Everything the Soviet comrades do is bad." TENG added that the Chinese "do not believe a word the Russians say and do not want to believe them."

TENG tried to foist onto the Australian comrades a thousand copies of a book on Stalin written by some Trotskyite and which was widely circulating in the USA and other capitalist countries. Sharkey refused.

In order not to listen to anymore anti-Soviet tirades of the Chinese, the Australian CP delegation left China after only a 48-hour stay on this occasion. Upon his return to Australia, Sharkey reported to his Party concerning the 22nd Congress of the CPSU and his talks with the CPC in Peking.

Sharkey cannot explain or understand the reasons for the change in the position of the CPC leaders. Although in their talks the Chinese exhibited their dissatisfaction in regard to their economic relations with the CPSU, Sharkey believes that this is not the real reason for their present position.

During the Peking talks, the Chinese leaders had told him that the Soviet Union provided China with armaments, including submarines and radar installations. However, according to the Chinese comrades, the Soviet Union had tried to get control over these armaments and in this way tried to establish its control over China. For instance, the Chinese comrades told the Australian delegation that the Soviet Union had tried to use its submarines to gain control over the

SPEECH BY NIKITA S. KHRUSHCHEV ON
OCTOBER 14, 1962, ON THE DEPARTURE
OF LIU HSIAO, AMBASSADOR OF THE

In early December, 1963, a source, who has furnished reliable information in the past, advised as follows:

During November, 1963, it was learned that the Central Committee of the Communist Party of the Soviet Union (CC, CPSU), maintains a file concerning the differences between the CPSU and the CP of China (CPC). Included in this file is a document entitled "From the Record of N. S. The entire Presidium of the CPSU was present for this speech. The essence of this document is as follows:

"We are gathered here to mark the departure of Comrade LIU Hsiao, Ambassador of the Peoples Republic of China (PRC), because we attach great importance to relationships between the CPSU and the CPC. Our countries are two great socialist states guided by our two parties. A strong and durable friendship between the USSR and the PRC is the most important condition for the cohesion and unity of the entire socialist camp. The CPSU and the USSR are, for their part, doing everything necessary to strengthen close ties and friendly relations with the PRC and the CPC.

"I must say frankly that up to 1958 we had very good relations with the CPC and its leadership. Nothing

better could be desired, nothing clouded these relations. Since 1958 there has been a change. These relations became colder and that situation continues to this day. In the opinion of our party, this does not benefit either our two parties and countries or the world communist movement and working class movement.

"Our common enemies, the imperialists, are trying to take advantage of the present situation to drive a wedge between the CPSU and the CPC, between the USSR and the PRC. After 1958, when relations between our two countries deteriorated, the imperialists began to foster hopes that it would be easier for them to carry out their aggressive plans against the socialist camp. True enough, our forces had not been weakened by this, no matter what the imperialists think. As individual countries, we have remained strong. When we are together, however, our forces grow in geometric progression. It is not merely the arithmetic addition of two forces, but forces multiplied a hundred fold. We should always remember this.

"We constitute a mighty force for the imperialists and are conducting an offensive all along the line while the imperialists are on the defensive all along the line - in economics, science, technology and matters military. They based their hopes for salvation on a possible rupture between the Russians and the Chinese. The Chinese comrades and we are well acquainted with the articles in the bourgeois press on this subject and with every type of action on the part of the imperialists aimed at worsening the relations between our parties and countries. It is quite obvious that only the imperialists stand to gain from a deterioration of relations between our two countries. They do not hesitate to employ all available means.

"We had a meeting with the French politicians, Shmuttlein and Paul Reynaud, who passed through the USSR on their way from China. They talked of the existence of a

"yellow peril" from the East, meaning China (other countries including Japan were included). I dealt them a sharp rebuff and told them we are united on class lines and Marxism-Leninism, for the prevention of war, against imperialism, and for the victory of socialism.

"I can cite facts proving that the capitalist press wants to bring disunity into the relations between our two countries and parties. We must, however, very resolutely say that there are no grounds, no reasons, for disputes and differences between our parties and countries. We have no disputes over territories and frontiers.

"As far as the question of the building of socialism and communism in each of our countries, or in any other socialist country, is concerned it is the internal affair of each country, each people, each Communist Party. The CPC has a better knowledge of conditions in its own country and we in ours. The same applies to any Communist Party guiding socialist construction. For this reason there are no grounds for interfering in the internal affairs of Communist Parties which are directing their countries.

"We know that the PRC is experiencing certain economic difficulties at the present time, but we are sure these difficulties will be overcome and the Chinese people will with even greater energy continue building a socialist society.

"Our practical work demands unity and cohesion of our ranks. We know that the present state of relations between the CPC and the CPSU is creating no little difficulty for many Communist Parties, especially for those in the capitalist countries. Bourgeois propaganda is playing up Soviet-Chinese relations in every possible way and is spreading all sorts of provocative rumors among communists. We are strong and you too can live in this atmosphere. Some of our fraternal parties

are not strong and find themselves in a serious position. They respect China and the Soviet Union. We have to understand this and not provide nourishment for our enemies. Let us open a clean new page to restore relations to the condition as it existed before 1958. Let us not rake over old matters. If we start to explain who did this and when, who started to breach good relations, we shall again get stuck in a tangle of differences and that would cause new disputes and discussions and lead to further worsening of relations. Of course, that would not be to our common interest.

"You know we have always supported and still support the PRC in international affairs. When there was a threat of an attack on the PRC in the summer of this year and earlier, we announced resolutely and confirm it again today that we regard an attack on China as an attack on the Soviet Union and shall deal the aggressor a crushing blow.

"We must strengthen our forces. We occupy active positions in respect to the imperialists. For the first time in the history of the world communist movement, the working class possesses material strength that is no less than that of the imperialists. We have good prospects. Our economy, science and technology are flourishing. In space exploration we hold first place. When we sent up the first Sputnik the Americans promised to do the same in five years. Today, although they have launched satellites and space ships, they still have to admit that they lag behind the Soviet Union. I do not want to boast but I must say that we have laid a good foundation for further successes in the conquest of space. Not everything is going well with us, of course, and we still have our shortcomings.

"I should like to repeat once more that there would be much better conditions for the development of the revolutionary movement throughout the world if the cold were driven out of the relations between our parties and our countries and its place taken by warmth.

COMMENTS BY REPRESENTATIVE OF COMMUNIST PARTY
OF THE SOVIET UNION ON ACTION OF THE PEOPLES
REPUBLIC OF CHINA ON SHIPMENT OF ARMS TO IRAQ

A source, who has furnished reliable information in the past, in early December, 1963, advised as follows:

During mid-November, 1963, Vitaly Korianov, a Deputy to Boris N. Ponomarev, a member of the Secretariat and Head of the International Department, Central Committee, Communist Party of the Soviet Union (CPSU), was heard to make a number of comments relating to recent Communist Party of China (CPC) activities, the essence of which is as follows:

When the Baathist coup d'etat occurred recently in Iraq and that regime took power and began to pursue the war against the Kurds, the Soviet Union stopped giving the Iraqis fuel, spare parts, and the like for their military forces. The thought behind this was that it would have the effect of slowing down the war in Kurdistan. However, shortly thereafter, the Peoples Republic of China (PRC) proposed that they supply the Baathist regime with fuel, arms and other supplies. The Baathist regime accepted the PRC offer and the Chinese followed through on it.

Since the PRC had a supply of obsolete Soviet arms formerly utilized by their own armed forces but subsequently replaced by newer weapons purchased mostly from Great Britain,

they sent such obsolete armaments which bore Soviet markings to Iraq. This was a provocation by the CPC and the PRC so that it could be said later that the Soviet Union had supplied the weapons which were used to fight the Kurds.

The Chinese are also shipping our weapons and old spare parts to other revolutionary groups in other parts of the world. We don't know where they will show up next. This provocative action on the part of the CPC has resulted in embarrassment to the Soviet Union.

ZENICK WAGNER, INTERNATIONAL
DEPARTMENT, CENTRAL COMMITTEE,
COMMUNIST PARTY OF CZECHOSLOVAKIA

A source, who has furnished reliable information in the past, in early December, 1963, advised as follows:

The person presently in charge of the Latin American Section of the International Department of the Central Committee, Communist Party (CP) of Czechoslovakia, and who is responsible for the dealings with all Communist Parties in Latin America is one Zenick Wagner. In addition to his foregoing responsibility, Wagner also acts as the alternate contact with the CP, USA during the absence of (first name unknown) Jandik, who has this regularly assigned responsibility.

Wagner is approximately five feet ten inches tall, 32 to 34 years of age, of medium build and has dark hair. He speaks English extremely well, and the Spanish language is like a mother tongue to him. He has travelled widely in both Central and South America, and it is definitely known that he has been to both Cuba and Chile. Wagner appears to be very competent and well trained for his work. He exhibits a great amount of initiative and is hopeful for a future assignment abroad.

COMMENTS OF BORIS N. PONOMAREV, MEMBER OF THE

RELATIONS

A source, who has furnished reliable information in the past, in early December, 1963, advised as follows:

In mid-November, 1963, Boris N. Ponomarev, a member of the Secretariat and Head of the International Department, Central Committee, Communist Party of the Soviet Union (CPSU), gave on behalf of the Central Committee, CPSU, a report dealing with the current status of the Soviet-Sino differences to a representative of the Communist Party, USA (CP, USA). The essence of Ponomarev's remarks at this time was as follows:

"Have no illusions that the Communist Party of China (CPC) and the CPSU will agree. However, there may be some effort to improve relations with the Chinese.

"We know many Parties have been hurt by the Chinese. For this reason we are trying to use the tactic of trying to help other Parties by muzzling this thing; that is, the vocal expressions by the CPC and their attacks on other Parties. However, the CPC has just published another book 'Two Lines of War and Peace' which is in our opinion

"diametrically opposed to our concept of international developments as related to peaceful coexistence and disarmament.

"We had hoped that during the Summer, 1963 meeting with the CPC we would have obtained some positive results from our get together. Our line at that time was to defend and fight for the general line of the movement and to avoid any split. Comrade Khrushchev has tried to do everything possible to avoid a split. We went to the July meetings with the outlook of not to pour oil onto the fire. We hoped that a thorough, comradely discussion with the Chinese could find a common language.

"We want to remind you Comrades in the CP, USA that since the 81-Party Conference in 1960 continuous efforts have been made by us to minimize the differences between us and the CPC and our effort has been a continuing one to avoid a split.

"After the 81-Party Conference had been concluded in 1960, Comrade Khrushchev spoke to a high Party school held in Moscow, January, 1961. At this time Comrade Khrushchev was asked many questions. One of these questions was framed as follows: 'Tell us, who was the victor at the 81-Party meeting? Did our line win out or did the CPC?' In response, Comrade Khrushchev said, 'Do not place the question in that way. At the Conference there were no victors, no losers, the majority adopted our principled line but always keep in mind that all Parties present signed the statement.'

"Then on November 7 of that year at our celebration Comrade Khrushchev again suggested that we ought to try to stop polemics between us and the CPC and perhaps normalize relations with the CPC as well as with the Peoples Republic of China (PRC).

"As you well know, Comrade Khrushchev and other leading members of our Party met with Chinese Ambassador LIU Hsiao when he left for China in the Fall of 1962. The

"purpose of this was another effort by the CPSU to normalize relations. We have a document on this and I hope you get a chance to see it. The CPSU used the occasion of the Chinese Ambassador's departure to once again extend the hand of friendship. Comrade Khrushchev said, 'Let us give them our hand of friendship, let us start anew and work like we did for the past twelve years.' Well, it looks like we did all the talking, the Chinese did not say a word in answer. Our aim at that time and as it still is was not to widen the split, but our efforts were interpreted by the CPC as a sign of weakness. They followed our efforts by continuing their old line and by publishing their article entitled, 'Workers of All Countries Unite, Oppose Our Common Enemy.'

"The Chinese think all CPs in the world are opportunists and, therefore, are going ahead with their efforts to split all the Parties if they can. This is one reason why I had asked you if their action has had an effect upon you.

"The point that is most disgraceful is the CPC's ideological attack on the Soviet Union. In this way, they are calling for a split in the socialist community. Of course, they claim they are only against the leadership but we know they are against the CPSU and the Soviet Union. We know that where in the past they treated our people with respect, they are now very insulting to them.

"Regarding the prospect of an international meeting which you raised. We have given a lot of thought to this idea. What would be the positive and what would be the negative results in calling such a meeting? At this moment, I would say that the negative would stand out. It would mean an open split. This would mean a split not only of Communist and Workers Parties but a split of the socialist camp as well. They, the CPC, in the event of such a conference and/or split, would have only ten to twelve Parties with them. This does not seem like much but nevertheless it would mean a separation.

"What are the positive features for holding such a conference? Well, events the way they are moving now, are giving the CPs opportunities such as have never existed before. Some Parties are afraid they can't utilize this situation if we speed the split.

"When we analyze the entire situation, we can come to only one conclusion. We cannot become reconciled with the principles of the Chinese and we see no reconciliation with the Chinese. We shall stand by our Marxist-Leninist principles and we will not compromise these. The CPC also stands pat, but they have no defensive argument. They are doing things in the world movement, the like of which has never been done before. They resort to lies, distortions, and they take the wrong unprincipled line.

"Well, what about the question of a conference as such? We had no intention of calling a conference as such at the time of the 46th Anniversary of our revolution. Although at the time of this anniversary Comrade Khrushchev again said, 'Let us see if we can't cut down polemics. Let us have another effort without illusions to avoid an open split.' In any case, to call an early world meeting would not do. We need a lot of time for that. First, we must try before such a world Party meeting to have a meeting with the CPC. This would be done to also see if we could not work out some manner of getting together with them if a conference was called. Once again I would point out we would do this without sacrificing any Marxist-Leninist principles. Then, secondly, in the case of the CPC continuing its struggles against the general line of the world movement and we are ready to call a conference, we need time to prepare for the drafting of documents and would consult your Party as well as all other Parties on this. Therefore, we could not hold a meeting without your Party knowing and such a conference will not come within the near future. I would summarize our position on a conference as follows:

~~TOP SECRET~~

COMMENTS OF BORIS N. PONOMAREV, MEMBER OF

DEPARTMENT, CENTRAL COMMITTEE, COMMUNIST
PARTY OF THE SOVIET UNION, RELATING TO SOVIET-

~~TOP SECRET~~

"First, we are against a split in the communist movement; yet, at the same time a fear of a split will not cause us to give in on any principled matter. We will continue to fight for our line and the world communist movement.

"The CPC has its strategic plan to split all the CPs and establish CPs under their own leadership. They are going about this very gingerly where they can in any country. They are seeking to split off from five to ten people from such Parties and then they call them a Party. Already, we have examples of this in Brazil, Chile, Belgium, Switzerland, and other countries. When these groups then assume the title of the Party, the CPC will argue that if a conference is held why not invite the real Marxist-Leninist Parties. This action by the CPC is much worse than anything the Trotskyists ever did. That is why it is very important to expose them.

"We of the CPSU are constantly thinking of the other Parties and their problems. May be your Party can also do something along this line. Instead of waiting for such a conference to be held, may be you can make some appeals to the CPC and make the suggestion against any action that would lead to a splitting of the Parties and the movement and also to the needs for holding a conference to adjust the differences. This type of an appeal can be made on the basis that a meeting is necessary for the unity of the movement and at the same time would show the Chinese that they are achieving no results from their splitting actions. So far the Chinese have tried to use every type of conference held, like the Women's, Asian-African Solidarity, and Peace, but have always been defeated.

"Some Parties like the Italian are in favor of bilateral contact between the CPC and the CPSU. They feel that the calling of any kind of meeting would be characterized by the CPC as splitting. The Italians do not want to give the

"Chinese an argument. They feel that we should let them bring the split as time is on our side.

"Let the various Parties bring their influence to bear and contact individual Parties and explain the international situation. It is up to each Party to create its own contacts. The individual CPs will have to work out the basis of persuasion. The majority of the Parties are not pro-Chinese; however, yet we must realize that the Chinese continue to fight and have not been moved by any argument. Principles to them do not appear to matter.

"There are some Parties that now agree with the Chinese. The question arises here, how come until the CPC moved in, some of these same Parties could not be bought or influenced by the bourgeoisie. Obviously, the CPC succeeded where the bourgeoisie failed. Therefore, contact with such Parties, to be of any use, cannot be limited to the leadership but must be established with broad sections of the membership. In some of these Parties there are leaders who say they have the same views that we have but that their leadership does not and, in reality, fights us.

"You inquired concerning the reaction of the CPC to the latest moves of the CPSU; that is, the suggestion for the discontinuance of open polemics. Well, they have not responded. Most Parties, especially those under attack by the Chinese, did not propose the stopping of polemics and, therefore, we say to these Parties we have no objections to your continuing them. The CPC has created for many Parties situations which make it impossible for them not to respond to the CPC attacks. For example, how can the CP, USA or the CP of France stop their polemics without giving up principles? For us the situation is different. We control the press, we have one governing party and the only party in the country. We can control polemics and the degree of their sharpness. However, in the case of the CP, USA, where the Party is constantly being persecuted and under a barrage of bourgeoisie propaganda, it would be much more difficult for the Party to stop polemics then it would be for the ruling party.

"One argument of the enemy is that there are no national CPCs. The CPC says that the CP, USA is an agent of Moscow. So, now, when Moscow asks that polemics subside or stop and if your Party mechanically stops such polemics without consideration of principles, this would indicate to them you were following the baton of Moscow. So, if you see no need to stop polemics, why should you stop them now with the CPC? Besides, the CPC is acting in a way that it seems to us we may have to intensify our own polemics. We propose to stop but the Chinese are not listening. We can say our hands are clean. If they continue them, we may have to say to all Parties let's get together and decide what to do.

"The Chinese haven't the slightest understanding as to what is happening in the capitalist countries today but at the same time they are establishing closer relations with the capitalist countries and class. For example, this is happening in Japan, England, France, and West Germany. Their effort to get together with the capitalist class in such countries is gaining momentum. I want to use this occasion to point out to your Party that some United States monopolies are also establishing closer ties with the Chinese. They are doing this through establishments in Japan and other places.

"During the 14th Anniversary celebration of the PRC, the Chinese used the Soviet exhibition grounds for a Japanese exhibit. The Japanese spent a lot of money setting up and during this exhibit. It is known that among those Japanese corporations present there were quite a few Japanese firms negotiating for United States companies and they were seeking to sell complete factories to the Chinese that would have originated in the United States.

"France recently sent some mission to China. George Picheau (phonetic), a representative of French business, was recently received by Premier CHOU En-lai of the PRC and he was very attentive to this representative of French business.

"CHOU En-lai told this representative of French business that France should not be worried about their recognition of Formosa. He then suggested that perhaps the French not only might be interested in opening a trade mission in Peking but also possibly an embassy. If France was not ready for diplomatic relations on an embassy level, CHOU En-lai noted that the trade mission could act with ambassadorial powers. After the above visit, a former French minister followed with a visit to China.

"China and Japan have also been extending their trade. This year it amounts to \$150,000,000; next year they hope for \$600,000,000. We also know that the Japanese have proposed to the Chinese that the PRC permit them to or make a deal with them which would allow them to establish concessions in China again, especially in those areas where the Japanese had a lot of experience, like Manchuria.

"We also know that some big British firms have agreed to establish an atomic energy industry in China for them.

"Now, let me give you a little detail or story. As you know, information from China is not always complete or reliable. However, I will vouch for the following:

"We know that recently in Peking a very important Party meeting was held. At the moment I cannot tell you if it was a politburo meeting or plenum, but at this meeting LIU Shao-chi, Chairman of the PRC and Assistant Chairman of the Central Committee, CPC, spoke and said the following: 'One of the results of the line pursued by the CPC is the fact we have shaken the idols, altars, and Gods of the church. Let us destroy all of the idols, altars, and Gods completely and we, ourselves, will be the Gods.'"

A source, who has furnished reliable information in the past, in early December, 1963, advised as follows:

Vitaly Korianov, a Deputy to Boris N. Ponomarev, a member of the Secretariat and Head of the International Department of the Central Committee of the Communist Party of the Soviet Union (CPSU), now holds the position of second in rank in the International Department and is subordinate only to Ponomarev, himself. During the period September through October, 1963, Korianov in his official capacity traveled extensively in Latin America and among the countries which he is known to have visited was Uruguay. INFORMATION REGARDING DISPUTE INVOLVING

OF FRANCE WITH OTHER STAFF MEMBERS OF
THE "WORLD MARXIST REVIEW," PRAGUE,
CZECHOSLOVAKIA

A source, who has furnished reliable information in the past, in early December, 1963, advised as follows:

In early November, 1963, Norman Freed, Communist Party of Canada representative assigned to the "World Marxist Review," the international theoretical organ of the world communist movement, Prague, Czechoslovakia, made the following remarks:

"There has been a terrible fight taking place at the 'World Marxist Review' headquarters in Prague between the representatives of the Communist Party of France and the Communist Party of Italy. In part, the differences have arisen from the fact that the French Party opposes and the Italian Party supports, in part, some of the action of the Common Market. The differences are also in part based on the fact that the Italian Party pursues a policy of utilizing flexible tactics whereas the French do not and the Italians consider them to be a 'bunch of stiff-necked Stalinists.'

"As a result, the head of the French representation at the 'World Marxist Review,' a person named Hongois, now

"claims that he has received instructions from his Party that the French will be withdrawing from the 'World Marxist Review.' He stated the reason for this was that the French were not being treated as equals, were not getting the breaks, and because many Parties consider them disloyal for some of the positions they had taken and that the French Party will not stand for this.

"Hongeis is not a bad guy and for this reason the Editor-In-Chief of the 'World Marxist Review' wants us to attempt to talk to and reason with Hongeis. The Editor-In-Chief would also like for us to contact the various Parties and have them write letters to the Communist Party of France requesting them to reconsider their action on the basis that it will open our ranks further which would be bad and, secondly, that, in fact, there was no basis for any disagreement.

"In talking to Hongeis, I argued with him. He told me that in Paris he had tried to convince the Party people not to take this action, but they said we just feel that we cannot be placed in the position we have been placed in on the magazine. Therefore, their delegation was going on a leave of absence although not officially withdrawing. They would leave the time of their return open.

"If the French break away from the 'World Marxist Review,' this would seriously jeopardize the magazine. The Italians, however, would like this and because of these difficulties have now become more loyal to the magazine.

"The opinion is also held that the French Party is afraid that the 'World Marxist Review' will turn into the kind of an organ which begins to dictate policy for the various Parties. Thus, because of the rivalry between
